HOPE TO KEEP IT OUT OF CONGRESS

John Barrett Urges Vital Importance of Latin American Trade.

Denver, Aug. 17.—Interest in the conservation discussion was renewed today at the trans-Mississippi commercial congress by the momentarily expected arrival of Gifford Pinchot. Discussions about headquarters did not indicate that hostilities between the factions of the conservation and reclamation policies would be shown before the congress until later in the sessions, though several less even-tempered delegates have shown a disposition to reopen the wounds made at Spokane last week.

Trade With Latin-America.

"The approaching meeting of the presidents of the United States and Mexico at El Paso, the possible acceptance of invitations to be extended to the presidents of Panama and Cuba to meet the president of the United States at New Orleans, the widespread growth of interest in the construction of the Panama canal, and the increasing investments of United States capital in Latin-America give significant emphasis to the importance of developing closer trade relations and of improving the facilities of the exchange of commerce between the United States and her sister republics," said John Barrett, director of the international bureau of American republics in his address to the congress today.

"The legitimate and successful exploitation of this vast field south of us depends upon four important conditions: First, tariff regulations which permit of a reciprocal exchange of commodities; second, first class mail, passenger and express steamship service to build up and care for this trade; third, the establishment of banks controlled by United States capital as agencies of business, just as necessary in foreign lands as in the United States, and fourth, familiarity and acquaintance with the habits and customs of the Latin-American people and local conditions of their demands and supply.

Share of the United tSates.

"The exact share of the United States in exports and imports of Latin-America for 1908, was $460,000,000—a sum many times larger than our trade with all the countries of Asia, and in excess of that with most countries of Europe—and yet it is only in infancy of its possibilities. Still we have a tendency to neglect Latin-America as an unimportant market.

"An important corollary to this Latin-American situation is the indisputable necessity of the United

SAILORS ARE SAVED FROM PERILS OF THE SEA

Schooner Driven on Long Island by Storm is Finally Reached.

New York, Aug. 17.—Seven men, including the captain, of the three-masted schooner Arlington, of Boston, were rescued from their perilous position on the bowsprit of that craft, stranded on a sandbar off Long Beach, L. I., today. Life savers from the shore affected the rescue. One man who had put out from the vessel on a life raft drifted out of sight toward Sandy Hook.

In a heavy easterly gale which piled the surf high up on the southern coast of Long Island, the Arlington went ashore before daylight.

Seas Sweep Decks.

Her decks were swept by the breaking seas and the crew of eight men took refuge on the bowsprit, while the Long Beach life saving crew tried vainly to shoot a line over the vessel or to launch their surf boat. One of the crew launched a raft in an attempt to bring a line ashore, but the raft drifted seaward and along the shore instead of coming on the beach. The condition of this daring sailor was worse than that of his shipmates clinging to the bowsprit above the breakers.

Lyle Gun Futile.

The Lyle gun of the Long Beach crew was dragged a mile from the station to the scene of the wreck and a fruitless attempt was made to shoot a line over the rigging of the vessel. Further attempts to rig a breeches buoy in this fashion were abandoned and the life savers dragged their boat on to the beach some distance toward the vessel and waited a favorable moment to rush the boat through the surf.

Five hours after the discovery of the wreck the life savers were still waiting. The vessel seemed to be resting solidly in sand and in no immediate danger of breaking up.

Madden Pierson, the Swedish sailor, from the Arlington, who set off in a life raft from the stranded vessel, was washed ashore alive at Rockaway beach during the morning. Eight men in all were rescued from the schooner by the Long Beach savers.

GREAT CONSPIRACY IN HIGH FINANCE

Jerome Gives Sensational Opinion of the Heinze Stock Robbery.

BIG MEN COMBINE TO CRUSH A RIVAL

District Attorney Opposes Reduction of Persch's $50,000 Bond.

New York, Aug. 17.—In opposing a plea for a reduction of the $50,000 under which Donald L. Persch, a note broker, is being held on a grand jury indictment, District Attorney Jerome today declared his belief that the wrongful sale of Heinze mining stock collateral in which Persch is alleged to have figured, was but one of the ramifications of a conspiracy in which "Men in high finance" had "combined to crush a rival."

The district attorney declared that a financial institution had been unjustly placed in the public eye" and declared that a breach of trust by an employe was responsible.

FAILURE TO REFORM PRISONERS IS A CRIME

Notable Address Delivered at American Prison Congress.

Seatle, Wash., Aug. 17.—Governor Albert Gilchrist, of Florida, was a notable speaker at the opening session today of the American prison congress, his subject being, "Prison Reform in the South."

Warden F. O. Hellstrom, of the North Dakota penitentiary, spoke on "The Duty of Prison Managements."

"If a man be convicted of crime and serve a term in prison, and no steps taken to effect his reform or care, a greater crime against society has been committed than the crime of the individual," said Mr. Hellstrom. "Any prison management that forgets the moral ethics, justice and humanity, cannot justify its right to existence," continued the speaker. "The prison that is managed and dominated by the spirit of revenge is simply a barnacle that society must remove in order to facilitate human progress.

"The solving of the criminal problem is a subject that reason and the spirit of charity alone can solve. Give us more schools, more churches, more charity and less barleycorn and revenge, and there will be less need for jails, reformatories and penitentiaries."

The report of the special committee on the parole of life prisoners was read by the chairman, T. D. Wells, of Hartford, Conn., and the discussion was opened by A. W. Butler, secretary of the Indiana state board of charities.

ASSASSIN FORFEITS LIFE FOR HIS CRIMES

Indian Student Madarlal Dhinagri is Hanged at Pentonville.

London, Aug. 17.—Madarlal Dhinagri, the Indian student who on the night of July 1, at the conclusion of a public gathering at the imperial institute, shot and killed Lieut. Col. Sir William Hutt Curzon-Wyllie and Dr. Cawai Lalcaca, was hanged at Pantonville prison at 9 o'clock this morning.

Dhinagri was tried and found guilty of this crime and sentenced to death at the Old Bailey police court on July 23.

CURTISS INJURED ANKLE.

American Aviator Hurt in His Accident at Rheims.

Rheims, Aug. 17.—Glenn H. Curtiss, the American aviator, sprained his ankle in his accident yesterday, but today he is able to direct the repairs to his airship. He said he could not state when he would resume his flights.

Cortland Field Bishop, the foreign representative of the aero club of America, gave denial today to the rumor that the Wright brothers propose suing Mr. Curtiss for the alleged violation of their rights. He added that the relations between the Wrights and Mr. Curtiss were most cordial.

BIDS FOR PHILIPPINE BONDS.

Washington, Aug. 17.—Bids were opened at the bureau of insular affairs this afternoon for one million and a half dollars Philippine improvement bonds. There were only six bids, the highest of the whole of the amount being made by the Riggs National bank of Washington, on behalf of the National City bank of New York and the Mercantile Trust company, of St. Louis at $100.28.

Supreme Figure in American Railway World, Who is About to Realize a Life's Dream.

EDWARD H. HARRIMAN.

AMERICAN BANKERS GET QUARTER OF CHINESE LOAN

Definitely Settled That Part of Money is to Come from Here.

Pekin, Aug. 17.—American participation in the Hankow-Sze-Chuen railroad loan was definitely settled at the office of the foreign board this morning by Henry P. Fletcher, the American charge d'affaires, and Lian Tun Yen, president of the board.

The loan is to be increased from $27,500,000 to $30,000,000 and of this latter amount American bankers are to get one-quarter, the other three-quarters going to British, French and German interests.

Americans are to have equal opportunity to supply material for both the Sze-Chuen and the Canton lines and the branches; they will appoint subordinate engineers and they will have one-half of all future loans of the Sze-Chuen railroad and its branches, with the corresponding advantage.

The settlement reached today prevents actual American investment in the abandoned Hankow-Canton line, but nevertheless it is the opinion here that American capital has been placed on an equality with other capital in China.

A MOSQUITO PLAGUE AFFLICTS GULF COAST

Cattle Flee Miles to Sink Into Water There to Starve to Death.

Galveston, Texas, Aug. 17.—A plague of mosquitoes is now afflicting the gulf coast, causing serious losses to stockmen and heavy falling off in travel to the coast. Cattle by the thousands are traveling miles to the gulf, where they stand in the water starving. At Point Bolivar yesterday section hands were forced to flag a train to escape the pests. Passengers are compelled to cover their faces and hands for protection. The use of oil in Galveston has prevented serious annoyance.

STEPP IS SOME BETTER.

Noah Stepp, the Kingsland or Montpelier man who was struck by a Lake Shore engine in the yards early Monday morningf, sustaining a fractured skull, is reported to be slightly improving at St. Joseph's hospital today, though he is still in a very dangerous condition.

PASS SUNDAY BALL BILL.

Hartford, Conn., Aug. 17.—The senate today passed, over the governor's veto, by a vote of 13 to 11, the so-called Latimer Sunday bill, the provisions of which, it is claimed, permits Sunday baseball.

WAR BALLOON GETS AWAY FROM ITS ANCHORAGE

Was Intended for Use of the Army Now Defending Boston.

Brocton, Mass., Aug. 17.—The war balloon Grey Lock, in which officers of the Blue army were to have made an ascension today, broke away from its moorings in this city this forenoon. The basket was not attached. The balloon, already inflated, was resting in a field adjoining the city gas house. It was covered with a netting, the corners of which were held down by sand bags. A sudden gust of wind released the netting and the balloon slipped out from under it and shot up into the air. The high east wind carried it rapidly to the westward and within a few minutes it was out of sight.

ATTACK REPULSED.

Boston, Aug. 17.—An attack on the fortifications of Boston harbor by the Red army of invasion was repulsed today by the Blue army of defense, the attacking force being totally annihilated in the opinion of the umpire, Captain T. H. Patten.

The attacking force consisted of about two hundred troops from Forts Totten and Hamilton. The defenders suffered a loss of only sixteen men out of a force of 120.

TRANSPORTS OFF BEVERLY.

Beverly, Mass., Aug. 17.—Four large transports loaded with troops and having hostile intentions against the harbor defense of Boston, was the sight that met the eyes of President Taft when he awoke at the summer white house this morning and gazed across Salem bay. The transports were anchored about a mile off shore.

HEAVY ASSAULT IS MADE.

Middleboro, Mass., Gen. Tasker H. Bliss threw the whole strength of his Red army of invasion against the left wing of Gen. W. A. Pew's Blue army of defense in the war game shortly after noon time today and a fierce battle began. The artillery was in advance of both armies and as soon as the Red army attacked an artillery duel was in progress.

ANOTHER SPRINKLER ALARM.

The sprinkler system in the Fox building at the northeast corner of Calhoun and Jefferson street was the cause of a second false alarm this morning. On Sunday evening the system "sprang" some place and called out the department and the same thing happened today.

MURDER AT ELKHART.

Elkhart, Ind., Aug. 17.—Frank Fortino, proprietor of the bottling works, who recently was convicted of operating a "blind tiger," was shot to death today in his place of business by Tonio Tino, who escaped.

GREAT FIRE IN GLASGOW.

Glasgow, Aug. 17.—Fire broke out at an early hour this morning in a retail business quarter of Glasgow and several squares of buildings were consumed. The damage is estimated at $1,250,000.

THOUSANDS OF MEN IN STEEL CAR PLANT

Big Concern at McKee's Rocks Ready to Reopen With Strike Breakers.

Pittsburg, Aug. 17.—Claiming that over 2,000 new men are now housed in the various departments of the Pressed Steel Car company's works at McKees Rocks, it is probable the company will today or tomorrow make the real attempt to resume operations.

A large number of families are in destitute circumstances. The commissary department organized to alleviate this distressing feature is taxed to its utmost capacity. Over thirty shots were fired today at the ferry steamer Steel Queen by strike sympathizers. No shots struck the boat. The state constabulary reached the river bank within a few minutes and drove the crowd to the hills. The ferry is used to carry employes of the pressed steel car plant across the river. Two negroes, alleged to be strike breakers, were beaten this morning. Their condition is not serious.

WEATHER BREAK IS DRIFTING HERE FROM WEST

Heat Wave That Has Been Scorching Will Soon be Abated.

Washington, Aug. 17.—A statement issued by the weather bureau today promises speedy relief from the intense heat which has prevailed in the middle western states. The hot spell, it is stated, will be broken in the plains states and Missouri valley tonight, and in the states of the middle and upper Mississippi and lower Ohio valleys Wednesday, and the fall in temperature in these states will be attended by showers.

There are at present no indications for prolonged heat for the eastern states. The next disturbnce from the west will appear in the extreme northwest Thursday, advancing over the plains states, central states and great lakes Friday and Saturday, and reach the Atlantic coast about Sunday.

SHAKEN UP IN COLLISION.

Miss Marguerite Wing Bruised But Not Hurt at Seattle, Wash.

Mrs. Marguerite Wing, daughter of Mr. and Mrs. J. W. Wing, was badly shaken up in a head-on collision of street cars at Seattle, Wash., on August 12. While somewhat bruised, Miss Wing was not severely hurt and was able to leave the hospital where she was removed soon afterwards. Miss Wing and her mother are now on their return trip home, after spending several month in the west.

RITTER IS HELD UNDER SUSPICION

McComb, Ohio, Painter is Suspected of Killing Wife and Child.

BODIES FOUND IN ABANDONED WELL

Ritter Said He Heard a Scream and Went and Found Them.

McComb, Ohio, Aug. 17.—James Ritter, a painter, was taken into custody in connection with the investigation of the death of his young wife and baby, whose bodies were found in an abandoned well at their home here last Wednesday morning.

The presence of the bodies in the well was first made known by Ritter, who testified at the inquest that he was led to the discovery by being suddenly awakened early in the morning as if by a scream.

He said that his wife had threatened suicide. The young woman was Ritter's third wife.

EARTHQUAGE RUMOR PROVES WHOLLY GROUNDLESS

No Basis for Report of a Severe Convulsion at Charleston, S. C.

Atlanta, Ga., Aug. 17.—Reports received here this afternon that Charleston, S. C., had been shaken by an earthquake, proved groundless. The storm which struck Charleston late yesterday, it is learned, was accompanied by a gale which tore down a number of telegraph poles, temporarily carry away the wires and cutting off communication with the surrounding cities. The storm was followed today by high winds, but no serious damage was done.

SLIGHT SHOCK REGISTERED.

Washington, Aug. 17.—The seismograph at the weather bureau in this city, recorded a slight tremor of the earth at 2:22 o'clock this afternoon, but in the opinion of the observers, this disturbance did not assume the proportions of an earthquake.

MEXICO AGAIN SHAKEN.

Mexico City, Aug. 17.—A delayed dispatch received today from Acapulco says three severe earthquake shocks were experienced there. Ocean dropped far below its usual level and along the entire shore line of the port the beach was exposed for a distance of thirty feet. The shocks are believed to be the same as those recently registered at the Washington observatory. The people of Acapulco are still living in the open, not having ventured to return to their homes since the disastrous shock of a fortnight ago. The relief committee is distributing galvanized iron and lumber for construction purposes and clothing and food.

RISKED LIFE TO SAVE BOOKS.

Methodist Preacher at Attica is Dragged from Burning House.

Attica, Ind., Aug. 17.—With the upper part of the building a mass of flames and the crackling timbers of the roof falling about him, Rev. D. D. Hoagland risked his life in attempting to save his sermons and books from his library during a fire which wrecked the Methodist Episcopal parsonage here early today.

Almost frantic at the thought of the loss of his books, the minister ignored the pleading of the women and the warning of the men in the street, and until he was forcibly pulled out through the window by firemen, he did not desist. About half of the books were saved.

HAS SOMETHING TO SHOW US.

Germany Prepares Date and Trips for Waterways Committee.

Berlin, Aug. 17.—Consul General Thackara has collected a great quantity of original information for the convenience of the members of the national waterways committee and arrangements have been completed for a study of the German system of interior water routes.

The commissioners will meet the Prussian minister of public works and visit the important canals and river improvements of the empire. They will see the streams of Germany crowded with craft whose aggregate tonnage reaches nearly sixty million, more than twice as much as the ocean going tonnage of Germany.

DESPONDENT OVER BAD SON.

Terre Haute Woman Tries to End Life With Strychinine.

Terre Haute, Ind., Aug. 17.—Mrs. Blanche Baskert, ager 43, who took strychnine last night and, it is thought, will die, was despondent because her son, Clyde, home from the Indiana reform school, is under arrest for stealing pennies from a tray held by a blind woman beggar.

LIFE WAS SHORT; SAVED FORTUNE

The $100,000 Kentucky Baby Dies at the Age of Three Weeks.

LAGACY DEPENDED ON CHILD'S BIRTH

Great Uncle Willed Fortune to Lodge if Nieces Had No Issue.

Frankfort, Ky., Aug. 17.—The three-weeks' old daughter of J. F. and Clementine Deshon, the $100,000 baby, died today at their home in the country and its body was taken to Jeffersonville, Ind., for burial.

It was the birth of this child which saved to Mrs. Deshon and Mrs. Clark, nieces of the late James A. Holt, the $100,000 farm in this county, which was to have gone to the Clark Mason'c lodge of Jeffersonville, Ind., if they died without issue.

Lawyers here say that the lodge can have no claim upon the property.

LAST PANIC HIT THE COAL INDUSTRY HARD BELT

Marked Decline in Production Shown by Statistical Report.

Washington, Aug. 17.—The effect of the financial depression beginning in 1907 and continuing into 1908 was the most powerful factor which caused a marked decline in the production of coal in the United States in 1908, as compared with the preceding year, according to statistics compiled by the geological survey, which were made public today. The total production of coal in the United States in 1908 was 415,842,698 short tons, having a spot value of $532,314,117. Of this total 74,347,107 long tons with a spot value of $158,178,849 was Pennsylvania anthracite and 332,573,944 short tons, with a spot value of $374,135,262, was bituminous coal and lignite.

The total production of both anthracite and bituminous coal in the United States in 1908 showed a decrease of 64,520,726 short tons, or 13.43 per cent in quantity and of $82,484,781 or 14.41 per cent in value.

In the production of bituminous coal, however, the decrease in 1908 amounted to 62,185,168 short tons, or 15.75 per cent in quantity, and to $77,079,574 or 17.08 per cent in value.

The total number of men idle becaues of labor disaffections in 1908 in the bituminous regions was 145,145, and the average time lost by each was thirty-eight days. The total number of working days lost in the bituminous regions alone was 5,449,935, compared with 432,392 lost in 1907.

While the record of accidents in the coal mining industry in 1907 was the worst in the history of the country, the record made in 1908 was in favorable contrast to the year preceding, "but," says the report, "still the number of victims was regrettably large."

In the twenty-two states from which reports were received there were 2,450 men killed and 6,772 injured in the coal mines during the year.

The coal mines gave employment in 1908 to a total of 690,438 men against 680,492 in 1907.

AGED MAN TUMBLES DOWN CELLAR STAIRWAY

George Schlink, 68 Years Old, May Have Had His Skull Fractured.

Mistaking the door into the cellarway for another at 3 o'clock this mornin, George Schlink, an aged man living at 917 Hugh street, put his foot forward, thinking it would be safe, and tumbled down the entire length of the steps, sustaining injuries that were at once seen to be serious. Upon examination at St. Joseph's hospital it was found that his skull may be fractured and the upper portion of his body is pretty badly bruised.

In spite of his age, however, and the seriousness of his injuries, it is thought that he will recover. The injured man is a retired farmer and has been making his home on Hugh street for several years.

THE WEATHER.

Chicago, Aug. 17.—Illinois—Unsettled with probably showers tonight or Wednesday.

Ohio—Fair tonight and Wednesday.

Lower Michigan and Indiana—Partly cloudy and moderate temperature tonight and Wednesday.

WILL ENLARGE UPON THE ORIGINAL PLANS

Will Condemn Additional Property for Park Boulevard.

Under plans adopted at a meeting this morning the board of public works will enlarge upon the original plans for the boulevard extending from Main street to Swinney park and the civil engineer was instructed to make an amended plat for the condemnation of a triangular lot that lies between St. Mary's river, old Main street and present Main street.

The entire McDonald property lying along the river bank between Main and Berry streets will be condemned instead of enough for a roadway as was at first intended. The triangular lot to be included was added so that danger of collisions with automobiles will be lessened by having more space at the turn into the proposed roadway.

Municipal Notes.

For the reason that he considered it indefinite, Mayor Hosey has announced his veto of an ordinance passed by the council providing for semi-monthly pay days for clerks in the employ of the city.

No meeting of the city council has been called for this week, but it is likely there will be a call for next Tuesday night when the Washington school purchase of additional ground, the resolution for grade separation on Broadway and several small appropriations to tide over the year in some of the departments will be brought up.

President Schwier has appointed City Councilman Kinder chairman of the committee on claims, and Louis Langard chairman of the rules, regulations and ordinances committee. Both places were held by Philip H. Wyss.

Resolutions for a sewer in the alley between Antoinette and Pontiac streets, the alley east of Walton avenue and Savannah street; sidewalk on Wells street from the St. Mary's river to Huffman street, and for paving Nelson street with macadam from Berry street to Jefferson street, were adopted by the board of public works.

The Moellering Construction company notified the board that it will reduce it bid on Metropolitan brick with grout filler on Runnion avenue from $6.50 to $6 per lineal foot, if the street is paved to width of twenty-four instead of twenty-six feet.

WILLIAM WOULD NOT TELL WHERE HE WAS "AT"

Got Peevish When Wife Asked Him and She Wants Divorce.

When William Watson's wife, Alice, asked him where he had been when he remained two or three successive nights away from home he got peevish about it and answered in language too highly illuminated to put in a divorce complaint that she filed in the superior court. This is what she accuses him of and she alleges that he not only used uncouth speech, but absolutely declined to tell where he had been.

She says he is a machinist, capable of earning $3.50 a day, but has failed to provide for her and their son, who is six years old, and she seeks the custody of the boy. They were married in October, 1900, and lived together until November of last year, when she charges he abandoned her. Albert E. Thomas filed the complaint.

NOTES OF THE COURTS.

In the suit of Maude Stauffer for divorce, the name of her husband got into the records as Arthur instead of Parker Stauffer. This morning a new writ was ordered with the name corrected.

Judge Heaton yesterday heard the evidence in the divorce suit of Angelina Farks against Conrad Farks and took the case under advisement.

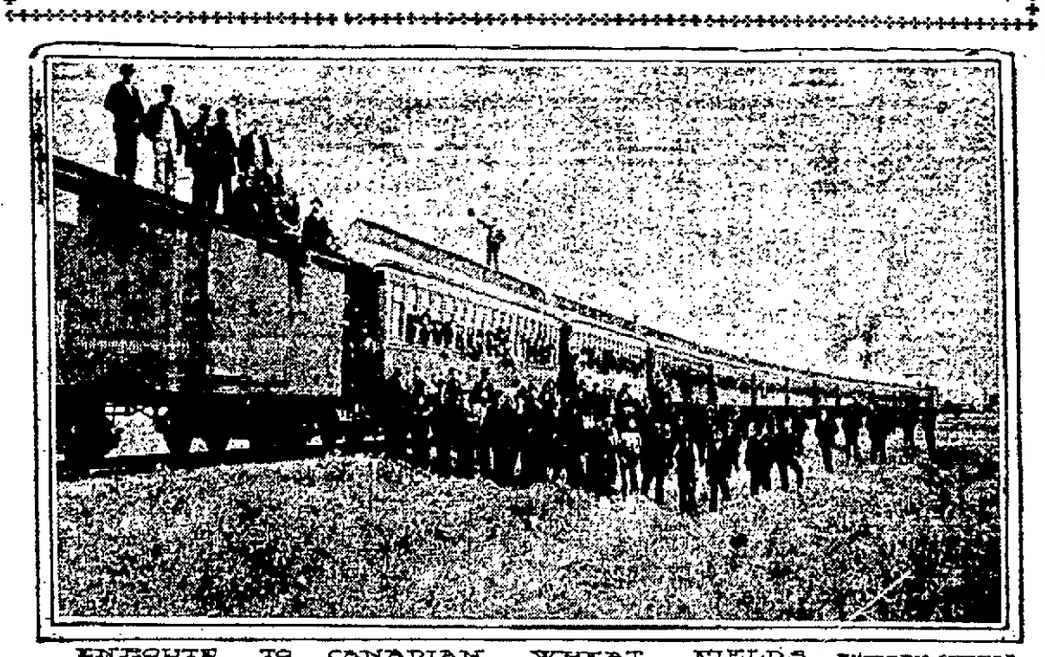
TRAINLOAD OF HARVESTERS FOR THE CANADIAN NORTHWEST.



ENROUTE TO CANADIAN WHEAT FIELDS.

The Canadian Northwest is becoming one of the greatest wheat growing territories in the world. In addition to the ordinary population of these great and vast prairies the railroads take in from 30,000 to 35,000 extra farm hands to harvest the great crops. The railroads penetrating this vast territory always run a number of farm laborers' excursions at very low rates, in order that the farmers may avail themselves of the assistance of outsiders. The harvesters come from all sections of the dominions, as well as from the United States, thousands of them following the period of ripening from the central part of the United States until the last grain is ripened in the Saskatchewan. The annual pilgrimage of the laborers north has just begun, and the photograph above shows one of these excursions en route to the Canadian Northwest.

HARRIMAN FORCED VANDERBILTS TO GAIN CONTROL

Railway Wizard Crowns a Great Career With an Amazing Stroke.

New York, Aug. 17.—The elimination of the Vanderbilts from the New York Central lines and the complete ascendency of Edward H. Harriman into the control of the more than 12,000 miles of railroad comprised in that system is declared to be the next important move in the railway world.

It is reported on what seems to be good authority that the Harriman brokers have secured an option on the greater portion, if not all, of the Vanderbilt holdings, and soon will close the deal in the interest of the Napoleon of the railway world.

The option which has been obtained, it is stated, is on $50,000,000 worth of New York Central, which is to be purchased for Harriman at $150 a share. The last report of the Union Pacific road shows that it has in its treasury $14,000,000 worth og New York Central securities, and it is generally believed that Harriman and a few of his friends have a large personal holding of New York Central securities.

The capitalization of the New York Central is $178,632,000, and it is understood that the option, if exercised, will give Harriman and his friends an absolute stock control of the company. This carries with it a control of the West Shore and a practical control, though not by stock ownership, of all the roads in the New York Central lines system.

Power Behind the Throne.

Although Harriman does not have control of the New York Central now he is, in effect, the power behind the throne by reason of his present holdings in the securities of that company. His authority was sufficient to bring about the retirement of W. H. Newman as president and the appointment of W. C. Brown as the executive head of all the roads in the system.

The passing of the Vanderbilts is the logical result of the entry of Harriman into the New York Central board, as there can be but one power in a railroad board of which Harriman is a member, that power being Harriman himself. That Harriman rules every board of which he is a member is a well-recognized fact on Wall street, which often smiles when Harriman announces that the board has decided to do thus and so.

The acquisition of the New York Central by Harriman would give him a second transcontinental route and place in him a power to make and control the rates of transportation which was not dreamed of a few years ago. This power would extend to traffic east and west and also north and south by reason of his control of the Illinois Central.

Would Dominate Entire Country.

Together with his steamship lines, which give him a third transcontinental rail and water route, Harriman would dominate the entire rate situation of the country.

Harriman's new transcontinental route would be formed by the old Central Pacific, now a portion of the Southern Pacific, from San Francisco to Ogden; the Union Pacific from Ogden to Omaha, the Illinois Central from Omaha to Chicago, and the New York Central from Chicago to New York.

A second transcontinental route is formed by taking the same roads up to Chicago, then using the Illinois Central and the Central of Georgia to tidewater. From San Francisco to New Orleans and Galveston the lines of the Southern Pacific now extend, and from the gulf ports to New York and the other Atlantic ports Harriman has a line of steamers which control the rates by the Southern route.

The acquisition of the New York Central by the Harriman interests would bring the mileage of the roads actually controlled by Harriman up to fully 40,000 miles; a gigantic system conceived and secured by one man, and with more power back of it than can be conceived or understood easily.

Harriman's Power Supreme.

It is not in the gigantic character of the railway systems controlled by Harriman that the most astounding fact is to be found, but in the power which it places in his hands. The railroads which he controls are so arranged that they gridiron the country in such a manner that they have the initiative in rate making in all directions.

Should Harriman desire to bring about a certain condition of transcontinental rates, and should the Pennsylvania and the Santa Fe refuse to fall in line, the result is easy of foretelling. By reducing the water-rail rate from New York to the western coast, Harriman could bleed the opposing lines of an enormous amount of traffic.

Such a war, in fact, is in progress, and rates from the Pacific coast to New York by the Southern Pacific and the steamship lines from the gulf ports and the rates all water by the Harriman boats are so low that freight is being back-hauled from several hundred miles inland and sent from the Pacific coast by steamers.

Less than two years ago the interstate commerce commission, in a special report on the Harriman lines, warned the country with regard to the rapidly increasing power of Harriman. It was stated that in reply to a question put by the committee during the investigation Harriman stated that he would continue to acquire railroad systems unless some power stopped him.

Around the World on Own Lines.

It was stated in the report that Harriman then controlled more than 50,- either made a misstep or was overtion and that it is possible for him to go nearly around the world without his foot leaving the decks of his own ships or the platforms of his own cars.

With the New York Central added to the Harriman fold the lines under his control would have a capitalization of more than $1,000,000,000 and an earning capacity of nearly $500,000,000. The principal roads he controls are the Southern Pacific, Union Pacific, Oregon Short Line, Oregon Railroad and Navigation company, Illinois Central and Central of Georgia. The Harriman roads also own considerable stock in many other large systems, such as the Santa Fe, the San Pedro road and the Baltimore & Ohio.

It is understood to be Harriman's purpose to create a billion-dollar securities holding company for all the New York Central lines, but it is not thought that he will try to include the securities of his other roads.

For some time the attorneys have been trying to work out a plan for the holding company, which will be court proof, but many difficulties have been encountered. It is understood that the Vanderbilts are more or less unfriendly to the plan, owing to the way the courts dealth with the Northern Securities company, and that this feeling hastened the purpose which Harriman had entertained for some time of eliminating the Vanderbilts by purchasing their stock.

The contemplated deal will also give him authority over the Lake Shore, the Michigan Central, the Big Four and the smaller roads comprising the New York Central lines.

MRS. SHELBY M. CULLOM BETTER

Washington, Aug. 17.—The condition of Mrs. Shelby M. Cullom, the wife of the senator from Illinois, who is dangerously ill from heart trouble at her residence here, was said today to be more favorable than at any time since she was brought from Atlantic City last Saturday. Two physicians are in almost constant attendance at her bedside, and while hope is entertained for her recovery, it is feared that owing to her advanced years she may not be able to pull through.

UNIQUE ISSUE IN APPEAL.

Missouri Insurance Law Appeal Cases Reach Supreme Court.

Washington, Aug. 17.—Three suits, involving the constitutionality of the Missouri state law prohibiting insurance companies which pay their presidents a salary of more than $50,000 a year, from doing business in the state, reached the supreme Court of the United States today. The leading case is that of the Equitable Life Assurance Society, the commissioner of insurance of the state of Missouri being defendant.

PROOF POSITIVE.

"Yes, Ethel can make a dollar go further than any woman I know."

"Really?"

"She talked a taxicab driver into accepting a dollar for a five mile trip."

GOSSIP OF POLITICS.

The democratic city platform is about ready for promulgation at the hands of the committee which has held two meetings and pruned and pared the document down to where it is believed it will be found acceptable. It is in possession of Attorney John W. Eggeman, who says it will be made public as soon as it has been copied by a stenographer and all of the corrections made.

"I wouldn't be surprised if it is stronger on law enforcement than the statement of Jesse Grice," said Mr. Eggeman, but he declined to allow even a peep at the platform until it has been fully revised.

Just when it will be made public is a question that the farmers are not ready to answer. Mr. Eggeman is authority for the statement that there has been no clash in the committee. He says that each and every paragraph has been taken up separately and carefully gone over and that this has consumed the time.

* * *

Many friends and supporters of Jesse Grice for the mayoralty are urging that he come out flat-footed and state that he will abolish the sale of liquor in the brothels and that the saloons will be closed at 11 o'clock at night and all day Sunday, as the law requires. Democrats are inclined to the belief that he has straddled the issue and left a loop-hole that will prevent the antagonism of the saloon element.

It is also urged that he understands his present platform as containing just such a statement and that he has not tried to evade the issue at all and is in fact pledged by the declaration to absolute law enforcement in so far as blind tigers and illegal hours are concerned.

A supplemental statement on this issue is being discussed in republican circles and it may be forthcoming. If it is made public, according to the men who are interested, it will be in terms that can not be misunderstood.

COOKED IN RENDERING POT.

Packer's Workman Slips In and is Soon Roasted Alive.

Norristown, Pa., Aug. 17.—Samuel B. Workhiser, 50 years old, was roasted to death at the pork packing establishment of A. H. March & Co. at Bridgeport. Workhiser had charge of the big kettle used to boil all the product converted into fertilizing material; and he either made a slmstep or was overcome by the fumes and fell into the boiler.

When found the skin had all peeled from his body and his features could not be recognized. He is survived by a wife and several children.

RECOGNIZED HER ASSAILANT.

But Dying Girl Refuses to Reveal His Name.

Pittsburg, Kan., Aug. 17.—Declaring that she knows the identity of at least one of her assailants, but refusing to give his name, Miss Lena Barney, who, while walking with her fiance, Peter Weisberger, near here last night, was assaulted by three men, lingered between life and death today. She was shot in the back while fleeing from her assailants.

QUIT OLD PRICING METHOD.

New York, Aug. 17.—The practice of the New York Mercantile exchange, which deals in butter, cheese and eggs, of fixing the prices of dairy products by what is known as "official quotations," determined upon by a committee of members, will be discontinued under a vote of the exchange today. This method of fixing the prices of farm products was condemned by the investigating committee appointed by Governor Hughes a few months ago, which stated that such practices resulted in deceiving buyers and sellers and recommended that the charter of the exchange be repealed. Under the plan adopted by the members today no quotations will be made by the exchange and prices ruling in the dairy markets will prevail.

WAS A SPORT; $10,000 SHORT.

Little Rock, Ark., Aug. 17.—"Sport" scribbled R. E. Stevenson, cashier of the Rose City bank, who was stricken with paralysis last Thursday. The paper was picked up by Stevenson's wife, who handed it to the bank officials. Today it was announced Stevenson's shortage will amount to $10,000. Stevenson has not yet regained speech.

Mrs. Julian Laurent, formerly a resident of Madley, and now of Texas, and Mrs. J. Henderson, of this city, have received notice of the death of their sister, Mrs. J. Lowe, of Toronto. Mrs. Henderson, who had not seen her sister in seventeen years, left Saturday at attend the funeral which was held on Monday.

ALL READY FOR A FRESH OUTBREAK

[Continued from Page One.]

States now preparing to get the benefit of the advantages that will be offered to it by the completion of the Panama canal in 1915. There can be no greater folly than to spend several hundred of millions of dollars in the construction of this waterway and then find ourselves at the time of its opening, unprepared, with only a few steamships flying our flag, with interior water ways and harbor unimproved and with a general ignorance of the markets to be approached through the canal, as will be the case if we do not give our attention and bend our energies to making the most along these lines during the next five years."

KISTLER.

After having been confined to her bed for a year with paralysis, Mrs. Susan Amanda Kistler, until two years ago a resident of Logansport, Ind., died Monday evening at 6:30 o'clock at the home of her daughter, Mrs. Bert McMillen, 2340 Smith street. The deceased was seventy-three years of age.

Mrs. Kistler's birthplace was in Clinton county. Surviving her are eight children: Hyland Kistler, of Lake Cicott, Cass county; Harry Kistler, of Anderson; Mrs. George L. Gilpin, of Lucerne; Mrs. Bert McMillen, of Fort Wayne; Mrs. W. J. Rasher, of Logansport, and Misses Anna, June and Gertrude Kistler, of Anderson; together with six grandchildren and two great grandchildren.

On Wednesday friends may view the remains at the McMillen home. On the evening of that day they will be shipped to Logansport, where the funeral will occur on Thursday from the home of another daughter, Mrs. Rasher.

FUNERAL ANNOUNCEMENTS.

Bennet.—The remains of L. R. Bennet can be viewed at the family residence, 1606 Wells street, on Thursday between the hours of 2:00 and 10:00 p. m.

Gesaman—The funeral of E. R. Gesaman will occur Wednesday afternoon at 3:30 o'clock, services to be held at the residence of H. C. Schrader, 714 Rockhill street.

W. C. T. U. PICNIC.

Reunion in Swinney Park Tomorrow of Frances Willard Branch.

There will be held in Swinney park tomorrow, all day, if it does not rain, and in the assembly room of the court house, if it does, the annual reunion of the Frances Willard W. C. T. U. Each member is asked to take with her a box of luncheon for her family and enough extra for two visitors. All unions in the county are invited to meet with the local organization, beginning at 10:30 o'clock in the morning. The program for the day will consist of a symposium of one minute for each speaker on "Why I am a White Ribboner." There will be a song, the crusade hymn. The topic for and address and discussion is "How Can Our Union Extend Its Influence?"

SHOT DEAD ON OWN DOORSTEP.

Wife Badly Wounded—Boy Revenges Himself on Aged Couple.

Simcoe, Ont., Aug. 17.—Michael Hall, 80 years old, and nearly blind, was shot dead on his own door step in the village of Walsh, Sunday night. His aged wife was shot four times but is still alive and may recover. A lad named Shelley, who is said to have quarrelled with the old man, has been arrested.

"SUN CRACKS" INTERFERE.

Dry Weather Splits Earth in Southwest and Railroads Suffer.

Fort Worth, Texas, Aug. 17.—Advices from some sections of the state report "sun cracks" interfering with train schedules on railroads in the southwest. In some places the road beds are cracked open on account of the intense heat and prolonged dry weather, throwing rails out of joint. A number of roads have issued orders instructing trains to decrease their regular rate of speed.

"THIS CITY TICKLES ME," SAYS C. F. DIETRICH

Gas Magnate Sees More Push Here Than at Any Place He Visits.

"This city tickles me nearly to pieces," said Charles F. Dietrich, president of the Indiana Lighting company, whose home is in New York, this morning, "for I see more evidence of push about this community than at any place I visit. Like all cities, it has its faults, and one of Fort Wayne's worst ones is its paved streets, but then I understand that this matter is to be fixed up either this fall or next spring."

One would enjoy it more, however, to hear Mr. Dietrich himself talk about what he thinks of Fort Wayne. Of German descent, the gas magnate speaks with a trace of that accent that is most fascinating, and then he is so cheerful and happy that his spirits are infectious. Mr. Dietrich has been making visits to this community for the last fifteen or eighteen years and he is pretty well known in Fort Wayne.

In company with Samuel Murdock of Lafayette, Mr. Dietrich is making an inspection of the local properties of the Indiana Lighting company. Shortly before noon they started on the tour, accompanied by Manager S. E. Mulholland, and it will be 5 or 6 o'clock this evening before they shall have satisfactorily traveled over the whole of the property. Many improvements have been made within the past three months and Mr. Dietrich said this morning he expected to be favorably surprised with them.

On Monday the gentlemen inspected the properties at Lima, O., and tomorrow they will go by trolley to the inner cities in northern Indiana for a similar purpose. Mrs. Alfred E. Dietrich and Mrs. S. E. Murdock are also members of the party.

BUMPED MARKET HORSES.

Spirited Run Away Horse Excites, But Does Not Injure.

Excitement reigned supreme along the Barr street market square for a few minutes during the middle of this morning, with a spirited run away horse that had gone north on Barr street, the cause of the agitation. An animal belonging to Henry Adrens, living six miles east on the old Piqua road, broke away from its fastenings on Clinton street, near Jefferson and going east, ran to Barr street and then turned northward. It its career down Barr street the animal and the buggy to which it was attached brushed and rubbed against the horses backed up along the square, but very fortunately no injuries resulted from the runaway. The horse fell at Berry street and was caught after the buggy had been badly damaged.

Good music. Good singing. Good speaking. Field sports and games, all features of German day, Aug. 22, Driving park. All welcome.

We are builders of concrete cisterns built entirely of concrete as you see in the cut above, all in one piece, any size from 50 to 200 barrels. We also clean out old cisterns and repair them at reasonable rates. We have the Wiest self-cleaning fixture which will keep your water pure and clean. No filter needed. The time has come when we must have something to purify our cistern water, which is most needful in washing and house use. The coal dust settles on the roofs and when it rains washes down in the cisterns. Therefore, we must have something to take out this sediment. Here is what you want—a Slack Sediment Collector. You can have one in your old cistern as well as in new ones. We will furnish all fixtures. Don't take something in place, for there is nothing as good in the market. Call at 2215 Broadway or phone 6632 Home. All work guaranteed satisfactory. Cut this out and save it for later use. You may want some work done later on.

YOUTH GOES TO HIS DEATH IN RAPIDS OF NIAGARA

Young Sporer Battles in Heroic Way, But is Water's Prey.

Niagara Falls, N. Y., Aug. 17.—After a gallant fight for life, August Sporer went to his death at 3 o'clock yesterday afternoon in the lower rapids of Niagara Falls. His body is now being swished about in the whirlpool. Men are watching the shore waiting to catch the body when it reaches the outer eddies.

The passage of Sporer, who was a frail boy of nineteen years, through the lower rapids, was one of the most spectacular in the history of the river. He withstood the buffeting of the waves even beyond Giant Wave, opposite Old Battery elevator, the point where Captain Webb, the famous English swimmer, lost his life in 1889.

With two companions Sporer had gone to the Maid of the Mist landing for a swim. That place for years has been favored by boys of the Falls, dangerous as its possibilities are. The boys plunged into the river 500 feet above the cantalever bridge. Sporer struck out for the middle of the stream and then swam with the current toward the bridge.

Breasting Current Difficult.

Before the Gorge road was built and a cove at that spot filled in, it was possible for strong swimmers to breast the current to the Canadian side, but now that is practically impossible.

His friends cried to Sporer to be careful, but the boy apparently paid no attention. He was almost at Swift Drift before he noticed his position. Then he tried desperately to turn, but could not. The Swift Drift, or the breaking of the water from the calm of the upper stream to the turbulent rapids, got him in its grip. He cried for help, but there was no aid within the power of man.

The Swift Drift moves under the lower bridges about twelve miles an hour, majestically, relentlessly. Once in its grip there is nothing to save a man from the rapids, their towering rocks indicated only by the tremendous waves that crest at a height of from twenty to thirty feet.

Fights to the Last.

As he passed under the bridge Sporer gave up the attempt to fight his way back, turned his head down stream and seemed to gather strength for the terrible struggle upon him. He went to his death fighting every inch along a course that no swimmer ever traversed before and lived.

Men watched his desperate struggles all along the way. Lost for a moment in the Giant Wave, he reappeared, always battling. Later he was lost to sight a score of times and as often given up for drowned. More and more feeble grew his strokes. Dead became the hopes of those who watched that he might do what no other man had done, make the Great Pool alive. Just where the stream turns to straight-away to the pool he was seen to give up and soon was lost to view.

Had Sporer been able to make Canadian shore water beyond the Giant Wave he would have been saved and have accomplished what no man, unaided by barrel or boat, had ever done. As it was he went farther than Captain Webb, a powerful and expert swimmer.

It may be a day or two before the body is recovered. Young Sporer lived at No. 2240 Whirlpool street, Niagara Falls.

HOME AND FOREIGN MISSIONARIES AT WINONA

Many More Expected at the Bible Conference Soon to be Opened.

Winona Lake, Ind., Aug. 17.—Home and foreign missionaries to the number of sixty, are now at Winona. Many more are expected during the Bible conference. All missionaries will receive free entertainment during the Bible conference at the Marshall Memorial building. This building was erected by Mrs. Lyman Marshall, in honor of her husband, who was filled with missionary zeal.

A mass meeting of all missionaries was held in the auditorium, and for several hours a perfect love feast and jollification meeting was held.

Addresses were made by representatives from China, India, Siam, Korea, Africa, Malaysia, Burma, Mexico and numerous home mission workers.

The Psalm She Loves.

Mrs. W. F. Walker, of China, in the course of her talk said that she loved the seventh verse of Psalm 129, because it was the verse that was cabled to this country after the release of the missionaries in the siege of Pekin. It was this verse that told the children of Mr. and Mrs. Walker, who were in Indianapolis, that their parents were safe.

W. H. Seymour is a medical missionary to China, and both he and his wife emphasized the crying need of more hospitals in this country. Mrs. Seymour said that when a Chinese woman is sick and the doctor comes, he is not called to see her. The woman pushed out her hand through a curtain and the doctor feels her pulse and then prescribes for her without one glimpse of the patient. There are ten Chinese girls in Dr. Seymour's school, who wish to study medicine.

Miss Mary Stuart, daughter of Evangelist George R. Stuart, Mrs. Lincoln Dickey and George Brewster, of Valparaiso, Ind., sang special numbers for the love feast.

Christian Citizenship Institute.

Dr. J. S. Martin, of Pittsburg, delivered a stirring address at the Christian Citizenship Institute today. Mr. Martin's general theme for the week is the answering of objections made to the Christian features of our national life and character, such as the use of the Bible in our public schools, the oath in our courts of justice, laws protesting our civil Sabbath, etc., and the securing of these by a Christian basis in state and national fundamental law. The common objections are that such Christianizing of the government is an infringement of the rights of conscience of the Jew, Papist, pagan and all who hold to the secular theory of government, that it will lead to union of church and state, that you cannot make men moral by law, and that the state or nation should have nothing whatever to do with religion.

In today's lecture Dr. Martin said: "Suppose the demands of secularists were granted, viz., the elimination of the Bible from our public schools, the oath from our courts of justice, the voice of prayer hushed in all legislative halls, religious inscriptions taken from all coins and public buildings, all laws in defense of our national Christianity as part of the common law of our land reversed, all Christian acknowledgments in state constitutions obliterated; in short every vestige of national religion blotted out—would that settle the question of rights of conscience?

A Question of Rights.

What, in that case, about the rights of those who believe with the founders of our republic that morality and religion are essential to good government, and should be taught in our public schools? What of the right of those who believe with the father of our country that the use of the oath in the courts of justice is essential to the protection of property, character, and even life itself? What about the rights of those who want to enjoy a quiet Sabbath? Is it not plainly manifest that if the government were to yield to the demands of secularists that the most sacred rights of the overwhelming majority of our people would be wantonly and ruthlessly trampled under foot?"

The Ben Greet players are drawing large crowds to Winona. Yesterday they gave "Twelfth Night" and "Midsummer Night's Dream." Today "King Rene's Daughter," "Creatures of Impulse," and "Everyman," will be given.

ANDERSONIAN FINDS RICHES.

Jonas Blair Has Spent Four Years in the Klondike.

Anderson, Ind., Aug. 17.—Although he is the owner of $800,000 in gold dust, Jonas Blair, of this city, was arrested in Seattle recently when he went to the city with his mining camp clothes. He looked the part of a vagrant and the bluecoats of the exposition city took him in tow.

Their surprise at learning their prisoner is immensely rich after four years of work in the gold regions was doubtless no greater than the surprise to Anderson people when they learned that Blair had struck it rich.

Blair left this city four years ago for the Klondyke region and was successful beyond his wildest dreams, according to advises sent to friends here. He arrived in Seattle with $800,000 in gold dust, which he stored snugly away. He had not had time to change his camp clothing when the police picked him up as a common "vag." Mr. Blair announces his intention of returning at once to Anderson.

AN AMAZING ATTITUDE.

The amazing attitude of the mayor and the head of his police department toward the flagrant, audacious and unconcealed violation of the liquor laws can be accounted for by no ordinary reasons. It is a strange posture that but for the shame and humiliation it forces on the city and the public indignation it provokes would afford a most diverting psychological study. But the people of this city are less concerned with the psychology of the matter than with the fact that lawless conditions go on unhindered and unreproved.

Mayor Hosey knows the conditions and he has nothing to say. His chief of police makes the astounding confession that the liquor dealers' association and not the police department is regulating the conduct of the saloons in Fort Wayne; that the closing order came from that source some months ago, and, that getting tired of the law-abiding regime, decided to reinstitute a general defiance of the law and has done so. From the head of the police department, a branch of the city government organized and maintained at vast public expense to protect property, to make life secure, to preserve the peace, to keep order and to enforce the statutes ordained for the orderly regulation of society, issues the frank announcement that wholesale lawlessness is abroad, that saloons are picking and choosing their courses at their own sweet will in defiance of and unmolested by the constituted authorities of the city and the state. And nothing done; nothing doing.

This may not be the limit, but in the name of law and decency, in the name of a city with some interest remaining in the value of a good name, let it be hoped that it is.

Of what can the mayor be thinking, that he not only allows such a condition, but permits a high official of his administration to boldly proclaim its existence? Ugly insinuations that no self-respecting man and official would permit to attach or be applied to him have been publicly made and no answer has been provoked. Those who know Mayor Hosey best will trust his personal integrity unqualifiedly and without condition. But even his friends are mystified, nonplussed and utterly confused by his silence and inaction in the face of conditions which involve not only the credit of his administration and the repute of his public service, but his own good name. We do not believe Mayor Hosey will permit himself to rest under any such cloud of suspicion as covert imputations are meant to imply. But he can no longer persist in the blunder of supposing the toleration of wholesale lawlessness in this city is approved or condoned without wantonly inviting the meanest opinions of himself.

Chief of Police Ankenbruck has all the ingenuous candor of a boy. He knows the saloons are running their business as they like—closing when it suits them and over-riding the law when they list—and he says so with no reservation. The police chief has altogether the manner of a man and official who realizes that he is not the master of his duties, but is subject to the restraint and compulsion of a higher authority. And the board of safety, supposedly the executive body whose function it is to supervise and administer the affairs of the police department is almost as candid as the chief of police in declaring that the question of enforcing the law is something with which they have nothing to do. Taken by and large, it is a very creditable state of affairs in a city of this class and pretension.

We observe with pleasure that the theoretical attack on the city of Boston fails altogether to disturb the intellectual calm of that classic metropolis. And we might think quite well of this philosophical composure did we not remember the spasms of terror into which not only Boston, but all cities of the New England coast were thrown back in the dread days of '98, when the whereabouts of Admiral Cervera's fleet of incapable tubs was involved in a profound mystery, yet supposedly cruising with hostile intent off the bleak shores of Yankeedom. New England in that distracting time filled Naval Secretary Long's days with stress and his nights with care, until it was heralded to this quaking land that Cervera had gone into the bottle at Santiago and Admiral Schley had pushed in the cork. But Boston in all her near three centuries of existence was never afraid of anything theoretical—military or other sort—that came nosing in that vicinity. Yet, after all, the belief that Cervera was cruising that way was purely hypothetical; a comforting reflection in the Bostonese mind that if the bearded Spaniard were going to strike a blow he would inflict it where it must be costliest, and so Boston felt herself from the outset doomed.

Mr. Harriman's stomachache does not appear to have been severe enough to cause any interruption of his program for linking his railroads to span the continent from Gotham to the Golden Gate. It is now imputed to him that with $50,000,000 he has taken over control of the New York Central and thus supplied the connecting link for his system between the two seaboards. It has been a dream of great railway men for many years to do this. George Gould's essay in that direction proved rather disastrous. If reports are true Harriman has finally succeeded. Only generalship like his could be equal to a task so stupendous and it has not come about in a day. Mr. Harriman has had gratuitously bestowed on him the title of wizard, but the secret of his amazing success, it is the wizardry of hard work, the magic of pertinacity.

Right at the outset of the campaign it is pretty clear that a good deal of the support that Candidate Schmidt is going to get right under the official rooftree is of the kind that generally proves fatal. It saddles him with responsibilities no candidate can weight himself with and travel either fast or far.

If the saloonkeepers should ever take into their heads to do anything worse than open their saloons on Sunday the police department would just naturally have to take to the woods or perish miserably in its tracks.

President is going to figure as the minor figure of a new ratio of sixteen to one. A dozen and four governors will accompany him down the Mississippi to the great waterways convention in New Orleans.

Since it appears that law-observance for the past few months has been entirely discretionary with the liquor dealers, the community perhaps owes them a vote of thanks for even so little forbearance.

There's a heap of war situation around the great globe, but the only thing like real conflict is the trouncing Spain has been taking from the blackamoors.

An earthquake has just given a severe jolt. Nature probably evening things up a bit in behalf of the poor Chinee.

What is an official oath between friends, anyway?

EXPRESS COMPANY OBJECTS.

President of Adams Corporation Protests Against Assessment.

Indianapolis, Aug. 17.—An amended bill of complaint was docketed in the United States circuit court yesterday by William M. Barrett, president of the Adams Express company, against John C. Billheimer, auditor of state, alleging that the tax assessment of the company's property in Indiana is unjustly discriminating as compared with assessments made by the board on other express companies subject to taxation under state statutes.

When the tax board made an assessment of $363,666 or $239.50 a mile on the property the company protested against it. According to the complaint, the tax board made two changes in the report of the company. The board refused to allow as much as $71.07 a mile deduction for assessed value of tangible property of the company in Indiana.

The board further increased the value of the capital stock because of collateral trust bonds. In the opinion of the board, collateral trust bonds for Indiana tax purposes are treated as additional stock and excess value of the bonds over securities deposited with trust companies should be added to the value of the stock.

Mr. Barrett contends that the board never advised the company that the shares did not have a market value on March 1, 1909, and asserts that the shares did have a market value of 190 or 191. Further, it is said that if the board made the valuation on the basis that the shares did not have market value the assessment is illegal, and if it did make the value on basis of actual value it was 250 or at least more than 191 and the assessment is either fraudulent or includes property not within tax jurisdiction of the state.

GENUINE ECZEMA REMEDY.

New Remedy That Cures Eczema Quickly.

Meyer Bros. Co. sold hundreds of jars of Hokara in the last few weeks, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar was returned.

While this is surprising in itself, yet the most marvelous thing is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time.

You can buy a liberal sized jar at a very low price, 25 cents, and with every package goes Meyer Bros Co.'s guarantee to refund the money if it is not satisfactory. Large size, 50 cents.

Try a load of dry hardwood kindling. Only $2.50. Knott-Van Arnam Manufacturing Co. Phone, 6208.

"CAN DESTROY TAMMANY IN TEN YEARS," SAYS GENERAL BINGHAM

Two Thousand New York Cops are Unscrupulous Grafters—Refused $1,000,000 a Year in Bribes—Former Police Commissioner Declares New York is the Most Lawless City on Earth and Arraigns Powers of Plunder in Scathing Terms.

Declaring New York to be in many respects the most lawless city on earth and arraigning Tammany, the public and the press in scathing terms as being responsible for it, General Theodore Bingham, former head of the New York police, says in Hampton's magazine for September that a hundred million grafting, blackmailing dollars change hands yearly in the metropolis, and that he could easily have made $1,000,000 dishonestly any year he was in office.

"The power of Tammany hall rests and has rested for forty years upon its ability to control the police by fair means or foul," the former commissioner says. "A strong, honest, fearless police commissioner, supported by police magistrates of ability and integrity and a mayor big enough to conduct his office without fear or favor, can sap and utterly destroy Tammany influence in ten years or even less, provided he is empowered to dismiss and transfer his subordinates for cause, without recourse to the courts.

"I do not believe I am unfair in estimating that from 1,500 to 2,000 members of the force are unscrupulous grafters whose hands are always out for easy money.

"That this should be known to the head of the department and apparently ignored is hard for the average citizen to understand, but," says General Bingham in Hampton's, "the police commissioner is only the nominal head of the police department in New York City in that he is appointed and is subject at any time to removal by the mayor. On the other hand, a policeman is virtually a policeman for life; as, under the New York law, all sentences of dismissal by the commissioner are subject to revision by the courts. To make this plainer: The men are pensioned off on reaching the age limit, or for other legitimate causes, and are required during their time of service to contribute two per cent of their salaries toward the maintenance of the pension fund.

"Discipline and the question of vested interest should be kept absolutely separate. It is not hard to see that the influence of the commissioner is tremendously weakened by such a situation. By permitting these conditions to exist the people of New York, through their legislators, are directly fostering graft and blackmail.

"I am asked to estimate the money value of graft and blackmail in New York each year. Of course, no one could make such an estimate with anything like complete accuracy, but my belief is that the total is not less than $100,000,000 a year. In fact, this figure, astounding in itself, is an under rather than over estimate of what is annually paid by criminals and crooked politicians for protection, votes and immunity in New York. In relation to this colossal brokerage on crime, the profits are proportionately large.

"If you will study the ordinances of the city of New York carefully, and analyze their meanings, you will come to the inevitable conclusion that hidden in most of them is graft. The great majority of these city laws were not enacted for purposes of law and order; they were not made to be obeyed—they were made to be broken, so that some one could make money from the intentional or unintentional violator of insincere law.

"During my first year at the head of the police department it would have been an easy matter for me to have made $600,000 in bribe money, and $1,000,000 would not have been an excessive figure at all.

"One day, shortly after my arrival at police headquarters, an acquaintance dropped into my office.

"'Commissioner,' he said, 'there is a house at —— West Thirty-third street run very quietly. It will be worth $10,000 a month to you——' but the sentence was never finished to my knowledge.

"As a matter of fact, the place had never been opened, and the man had been used as an agent to feel out the department.

"A few months later I was offered $5,000 in cash and $500 a month merely to be seen shaking hands with the proprietor of an upper Broadway cafe.

"Another instance of the perplexity with which the lower order of criminal views an honest police administration was afforded by an East Side dance hall proprietor. Following a custom of years he had tendered his usual quarterly 'assessment' to the patrolman of the precinct. Turned down in that quarter, he had gone to the captain, then to the inspector, both of whom, to his amazement, were square. He had finally come to me, in desperation, to learn who would take his money in return for protection."

General Bingham does not believe gambling can be eliminated, but says that "a reasonable law imposing a heavy license on gambling houses and subjecting the gambling evil to cast-iron restrictions whereby such resorts shall be kept out of general view can be enforced by the police and gambling thereby reduced to a minimum, provided newspapers are discouraged from publishing gambling and racing news and a way is found to prevent the courts from rendering innocuous nearly every legislative restriction as is now notoriously the case."

Taking up the rogues' gallery controversy which led to his removal by Mayor McClellan, the former commissioner, in his article, cites a United States district court decision and also the following opinion, expressed by President Taft when acting attorney general of the United States, as to the practice of photographing criminals:

"The photographing of known criminals is a necessity. The decision of Judge Barr, to which reference is made in the communication of the secretary of the treasury, fully sustains your right to permit it to be done."

"This question of photographing and measuring persons arrested on criminal charges should be definitely settled by a wise and strict law, not drawn in the interests of the criminal classes, but justly, carefully, considerately and with an absolute preponderance in favor of law-abiding society as opposed to its law-breaking enemies," says General Bingham.

Summarizing the gravest hindrances to and most pressing needs of a successful police administration, General Bingham emphasizes that:

"The police must not have anything to do with the conduct of elections other than lies within their proper police duty in preserving the peace. All elections should be conducted solely by the election boards and agents employed by them under the state superintendent of elections.

"The police should have no contact with saloons nor with enforcing the excise law, but should be confined to their legitimate duty of maintaining the peace and, of course, making arrests for violations of law occurring openly in their presence. Enforcement of the excise law should rest entirely with the state board of excise commissioners and their agents. Legalize the above two provisions and at once the status of a police force will be raised to a plane never yet attained in this country.

"Finally, and most emphatically, there is need of individual patriotism, among not only the citizens of New York, but of all the cities of the United States. So long as private citizens ignore the corrupt governing of their cities and make a by-word of the ballot, there can be no permanent reform, nor any cure for the grafting, bribing, blackmailing lawlessness which is eating out the heart of this republic."

GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of it souring quickly. This objection has been overcome and by asking almost any first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and $1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by Meyer Bros., special agents.

No. 188

Our Transportation Growth

Fort Wayne's transportation facilities of today as compared with ten, or even six, years ago show a REMARKABLE ADVANCE.

In this advance the most remarkable feature, here as elsewhere, is the part played BY THE ELECTRIC ROADS.

To what extent ten years ago did Fort Wayne depend on electric roads for its GROWTH and the DEVELOPMENT of its INDUSTRIES?

Where were then the interurban lines that today make Fort Wayne the residence, distributing and market center that it now is?

Where were then the freight and express facilities now offered by this Company to the merchant, manufacturer and other shippers?

They were only dreams, if even that.

The Fort Wayne of today finds use for ten interurban trains daily to the state capital.

Its freight business has created new and urgent demands for additional interurban freight houses.

The entire city depends more and more on interurbans for its express business.

Such a new Fort Wayne has come into existence largely through the development of the electric transportation system under this Company.

Seven years ago what were the conditions?

This Company took from the hands of the receiver a road which had failed right here in Fort Wayne.

It was overcapitalized.

It needed reconstruction and needed it badly.

Like other bankrupt properties, it was in no shape to build up and develop the region it assumed to serve.

That today, six years later, this road is a leading contributor to the growth, business and prosperity of Fort Wayne is not without significance.

Here is a public service rendered—AND WELL RENDERED.

IN THE CITY'S CHURCHES

THURSDAY FAVORED DAY FOR CHURCH SOCIAL FUNCTIONS

Congregations Plan Numerous Events to Enliven Summer Months.

Thursday appears to be a favorite day for church social events that serve to break the monotony and enliven the activity of members of the various congregations. Several of the churches announce functions for Thursday of this week and others select the same day of the week for future events. An ice cream social will be given Thursday evening, August 19, by the Ladies' Aid society of the Simpson Methodist Episcopal church. The affair will take place at the home of Rev. R. C. Jones, 117 West Suttenfield street. All plans have been completed for the mammoth social to be given by the Sunday school of St. John's Reformed church, also on Thursday evening. The social will be given on the church grounds, which will be brilliantly illuminated for the occasion. A fine musical program by Schlatter's orchestra will add to the attractiveness of the festivity.

Under the auspices of the Walther league of St. Paul's Lutheran church a social will be given Thursday evening in the parochial school yard, Barr and Madison streets.

Miss Orr's Sunday school class of the First Methodist Episcopal church will enjoy an ice cream social Thursday evening at the home of Mr. and Mrs. Talmage V. Michael, 1316 East Creighton avenue. Tickets for the affair may be secured from members of the class. The Home Missionary society of the First M. E. church will be entertained Thursday afternoon at the home of Mrs. C. S. Ridenour, 117 Lafayette street.

The General Aid Society of the First Methodist Episcopal church will hold a picnic at Robison park Thursday afternoon, August 26. Every attendant is requested to bring a lunch and the men of the church are invited for supper.

The Woman's Foreign Missionary society of Wayne Street Methodist Episcopal church will hold o business meeting and social Thursday afternoon, September 2, at the home of Rev. and Mrs. C. Claud Travis, of West Wayne street. Mrs. Travis will be assisted by Mrs. Anna Wolford, Mrs. Minnie Welch, Mrs. James Wilding, Miss Spencer. Mrs. E. D. Gallagher will lead the devotions. Following the roll call and transaction of business the following program will be given:

Paper, "Japan, Southern Work".... .....Mrs. W. G. Zart
Musical selection.....Evelyn Walters
Gleanings, "Japan's Code of Honor" .....Mrs. Louise Van Arnum

Thursday afternoon, September 9, the Ladies' Society of St. John's Reformed church will hold its regular business and social meeting at Robinson park instead of in the church hall.

MISSION FESTIVAL AT DECATUR.

Professor Dorn, of Concordia, to Speak There Sunday, August 29.

The annual mission festival of St. John's Lutheran church, north of Decatur, will be held on Sunday, August 29. Rev. Otto Ungemach, of Cleveland will preach in the morning, and Prof. Louis W. Dorn, of Concordia college, Fort Wayne, will deliver the afternoon sermon. A large gathering of Lutherans is expected at the festival. Rev. Ungemach is a son of Prof. John H. Ungemach, principal of St. Paul's Lutheran school, Fort Wayne.

UNDERGOING REPAIRS.

Extensive Improvements at St. Paul's Lutheran School Building.

Extensive repairs in the way of remodeling and renovating the interior of St. Paul's Lutheran church on Barr street are being made. The walls have been re-frescoed, wood-work painted, new flooring put in some of the rooms, windows enlarged, the students' desks re-arranged and new steps placed at the entrances to the building. One of the teachers has retired on account of his advanced years and a new teacher has been chosen to fill his place. The opening of the scholastic year at St. Paul's school will be on Tuesday morning, Sept. 7.

REV. P. J. ALBERTHUS ACCEPTS.

New Pastor of Christ's Lutheran Church to Arrive in a Few Weeks.

J. F. Bauerle, a member of the council of Christ's Lutheran church, this morning received a letter from Rev. Percy J. Alberthus, of Kokomis, Ill., acknowledging his acceptance of the appointment to the pastorate of Christ's Lutheran church. The new pastor expects that it will be a few weeks before he will be able to begin his duties in this city.

Rev. William H. Schrock, former pastor of Christ's church, was a visitor in the city today and officiated at the funeral of Frederick W. Kell this afternoon, giving a brief sermon over the remains.

BISHOP ALERDING OFFICIATED.

Fifty Sisters Make Final Vows at St. Mary's, Notre Dame, Ind.

Rt. Rev. Bishop Alerding returned yesterday from trips to South Bend and Mishawaka. Sunday morning the prelate celebrated solemn pontifical high mass at St. Mary's, Notre Dame, Ind., Holy Cross, fathers from the university assisting. The day marked the observance of the Feast of the Assumption, the close of the Holy Cross annual retreat and the reception of religious. Fifty of the Holy Cross Sisters made their perpetual vows, the Bishop officiating. More than six hundred sisters, who had been in attendance at the retreat, were present at the services.

Sunday afternoon the Rt. Rev. Bishop officiated at the corner-stone laying of St. Joseph's hospital, Mishawaka. At this ceremony addresses were made by the bishop, also by V. Rev. Andrew Morrissey, C. S. S. and others. The local prelate returned Monday evening to his cottage at Rome City, with Father Sonderman, of Evansville, as his guest.

CITY GUIDED BY A PREACHER.

Dr. Cooley Advisory Head of Cleveland Public Safety Department.

Cleveland, Ohio, Aug. 17.—The Rev. Dr. Harris R. Cooley yesterday became advisory head of the police, public safety, fire and building inspection departments. He also will have charge of the charities and corrections work he has built up, which has attracted national attention.

Dr. Cooley ten years ago was pastor of Mayor Johnson's church.

"I am not a policeman, nor a fireman, nor a builder," said Dr. Cooley. "It would be foolish for any director to try to tell Chief Wallace, for instance, how to fight a fire. I will advise them and attend to the technical part of the work that must legally be done by me, but I shall not interfere with details."

BABIES BENEFIT BY NEW SKIN DISCOVERY

Stops Itching Immediately, Soothes and Comforts the Little Ones.

A demonstration of the efficacy and entire harmlessness of poslam, the new skin discovery, is afforded when it is applied to the tender skin of infants who are tortured with rashes, chafings, scaly and crusted humors and other skin aggravations. Its effect is soothing, the itching stops at once, the skin heals and is quickly restored to normal condition.

In the various forms of skin troubles in both infants and adults, poslam produces beneficial results from the first application. Eczema, acne, herpes, rash, tetter, etc., yield readily to its remarkable curative properties. Occasional applications will quickly banish pimples, blotches and complexion blemishes and will relieve and cure itching feet, scaly scalp, humors, etc.

Poslam can be had for fifty cents at any reliable druggist's particularly Meyer Brothers Co., who make a specialty of it. Or the Emergency Laboratories, No. 32 West 25th Street, New York City, will send a trial supply free by mail to any one who will write for it. This is sufficient to show results in 24 hours.

All Who Would Enjoy

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the term implies. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living aright. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances a simple, wholesome remedy may be invaluable if taken at the proper time and the California Fig Syrup Co. holds that it is alike important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

Consequently, the Company's Syrup of Figs and Elixir of Senna gives general satisfaction. To get its beneficial effects buy the genuine, manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

TO BE SEEN AT GREAT FORT WAYNE FAIR.

THE STROBEL AIRSHIP.

The Great Fort Wayne fair expects to present a remarkable feature during the five days from September 14 to 18 in Strobel's big air ship, which is being billed as one of the big attractions of the week at the Driving park. The picture presented was taken while Charles K. Hamilton was riding the big dirigible over the Brighton Beach race track and Ocean boulevard and is described at great length in a column article in the New York American.

At that time he ascended at an angle of about forty-five degrees and when he had attained a height of 600 feet he took an even keel and sailed about with his machine under absolute control and gave a most admirable demonstration of the possibilities of aviation. With the weather conditions right he will make an ascent every day during the fair and on the Sunday and Monday evenings before the opening of the big show he will make flights over the city from the Driving park and retu

They Make You Believe

Because They Prove All They Claim.

There is no room for doubt when so many people of good standing are anxious to tell their friends of the great good received from the use of Root Juice. At this point many have been cured, or greatly benefited, of rheumatism, catarrh, indigestion, female weakness or some liver, kidney or stomach trouble. No wonder one friend is often heard advising another to try Root Juice. If you bloat and belch, if food lays heavily on the stomach and pains, if what you eat does not give you strength, if you have swimming of the head, if you are nervous and your entire system is run down, if you are restless at night and feel as tired in the morning as you did when you went to bed, be governed by the experience of others and go to the drug store, get a bottle of Root Juice and take it according to directions. We predict that before you have used one bottle you will be advising your sick friends to get some of this wonderful medicine, for Root Juice always proves all that is claimed for it. One dollar a bottle or three bottles for two dollars and a half at Bradley Bros. drug store (old Wagner store) near transfer corner.

Amstutz Family Reunion.

At the home of Mrs. Jacob Amstutz, near Grabill, was held the third reunion of the Amstutz family on Saturday, August 14. There were present over one hundred persons, who are descendants or connections of ancestors who emigrated to this country from Sangerwell, Switzerland, and settled in three colonies, one near Grabill, another at Bluffton, Ohio, and the third north of Auburn. A bountiful dinner was spread on long tables on the porch of Mrs. Amstutz's home and the contents of baskets of eatables supplied from every family that attended the reunion made a feast to be pleasantly remembered. Mrs. Amstutz was assisted by her sons and daughters in waiting upon the company and after the substantials had been eaten, served the guests with coffee, ice cream and cake. A business meeting was held during the day and officers elected to serve the ensuing year as follows: President, P. S. Lingerie and Mull Dress

PHOTO BY JOEL FEDER

This airy costume of mull, trimmed with English eyelet embroidery and Irish insertion, is particularly stylish for young girls.

It is an Empire gown and strips of mull and lace form a panel down the front. The embroidery is set in from the shoulder, running to within twelve inches of the hem, and then circling the skirt.

The sets of tiny tucks circling the skirt just above the wide hem, add to the attractiveness of the costume

A high collar, edged with lace, gives the wearer's chin just the right tilt to make a lingerie hat more becoming. Long embroidered silk gloves should be worn over the long, tucked, lace trimmed sleeves.

IN THE THEATERS

GLADIOLUSES FOR LADIES.

Handsome Bouquets for Majestic Patrons at Opening.

Ladies attending the opening of the Majestic theater on Thursday evening of this week will not only see an excellent performance of one of the new successes of the season—"The Girl From the U. S. A."—but they will receive on leaving the playhouse a handsome bunch of the prettiest midsummer flowers, the gladiolus. For the opening of the season Manager Rice has arranged for an enormous supply of these beautiful cut flowers and will have the lobby of the theater tastefully banked with them during the early evening. During the performance a careful estimate will be made of the number of ladies in attendance and the supply of gladioluses apportioned so that each will receive a beautiful large bouquet. The gladiolus is especially desirable for keeping about the home in vases, as it retains its freshness and is constantly sending out new blooms for from five to ten days after being cut. In the opening show local theater goers are promised something of more than ordinary merit when viewed from the standpoint of the popular prices at which "The Girl From the U. S. A." is presented. The company includes some thirty-five people, the scenic equipment is said to be almost gorgeous—and the play itself is one of extraordinary merit.

NEW BILL VERY GOOD.

Airdome Vaudeville Show Pleased Two Large Audiences Yesterday.

The new acts opening the week at the Majestic Airdome last evening proved a choice collection and taken as a whole make a very pleasing vaudeville program. The aerial work of the Mario trio is in every way up to promise, and that is saying a whole lot of nice things about it, for no act has come to the Airdome this season so highly recommended as this one. There is a big element of sensationalism in their work, but even the most difficult things are done with such apparent east that the actual danger incurred seems but small. Friedlander Brothers' musical act is a mirthful and melodious jumble of good comedy and better music. The McConnell Sisters appeared in a neat singing and dancing specialty that went a long way toward the general quality of the bill, but the surprise of the program was the song imitations of Knarf Senoj. It would be bad enough to burden a Turkish wrestler with such a name, but when a frail little fellow like Frank Jones has to submit to having his name twisted into such shape to please a managerial whim it would seem the limit of cruelty had been reached. Despite the name, however, Mr. Jones acquitted himself in customary style, singing a number of the character song hits of the season. The illustrated songs and motion pictures were up to the Airdome stan-

CELEBRATED SILVER WEDDING.

Twenty-five years of wedded life was the cause of a big celebration at the home of Mr. and Mrs. Louis Gillieron, of Cedar Creek township, on Sunday. Over 100 friends and relatives assembled at the Gillieron home in honor of the day. White and silver crepe paper prettily festooned the rooms and many varieties of garden flowers contributed their share of beauty to the scene. The host and hostess received many useful and valuable gifts. After an elaborate dinner had been served there was the celebration of a nuptial service for the bride and groom of a quarter of a century's married life. Those who took part in this silver wedding festivities included Grandmas Blume and Gillieron, Mr. and Mrs. George Krumbegel and son, Mr. and Mrs. Charles Parham, Mr. and Mrs. F. E. Foughlety, Mr. and Mrs. Andrew Blume, Mr. and Mrs. George Tonkel, Mr. and Mrs. John Spindler, Dr. and Mrs. H. L. Porter, Mr. and Mrs. F. Kryder and family, Mr. and Mrs. R. PEOPLE WHO KNOW PIANOS INVARIABLY SELECT A PACKARD

The greater the test the greater the triumph. Prof G. Stoeber, of Munchen, Germany, says: (Fort Wayne, Ind., August 13, 1909.) "I had the opportunity at the concert here tonight at Elks Hall to play a Grand Piano made by the Packard Company and must admit that it ranks with the best and is the equal of any of the other great and truly famous pianos. Really wonderful I found the possibility of expression and shading from the softest pianissimo to the loudest fortissimo. With full conviction I heartily recommend this notable instrument to everyone.

PETITIONS HIS CONGRESS.

Diaz Wants Permission to See Taft in El Paso.

City of Mexico, Aug. 17.—The first official admission that President Diaz will meet President Taft in October, was made by Minister of Foreign Affairs Marascal yesterday, when he stated that all details of the historic event had been arranged with the exception of the granting of the permission to President Diaz to leave Mexican soil.

The foreign minister added that the Mexican congress would convene September 15 and that immediately after President Diaz had read his annual message he would ask the necessary permission to visit El Paso. The minister said there was little doubt but what this would be immediately granted.

According to information received at the department of foreign affairs, President Taft will arrive at El Paso at 9:40 on the morning of October 16. President Diaz will also arrive from the City of Mexico at Ciudad Juarez about the same time, and he will then cross the frontier and meet President Taft in El Paso. An hour later the president of the United States will return to visit President Diaz at Cuidad Juarez on the Mexican side.

LOGANSPORT WOMAN ELOPES.

Mrs. House Leaves Husband for Northwest With Brakeman.

Logansport, Ind., Aug. 17.—Mrs. Walter House, wife of an employe of the Columbia brewery, eloped with Robert McIntosh, a Panhandle brakeman. The deserted husband kept the elopement quiet until yesterday, not even mentioning the matter to neighbors. He will make no pursuit of the couple, as he believes they have gone to the northwest and it would cost too much money to trail them. Mrs. House went downtown to do some shopping and did not return. She took from home only the clothes she wore and her shopping bag.

Miss Kay Spencer, of New York will open a studio for voice culture in the Art school building about Sept. 20th. Her own musical education has been gained in New York and Paris, and she comes well equipped and highly recommended as a teacher.

SPEND HONEYMOON ON FARM.

Former Representative Landis and Wife Will Not Visit Porto Rico.

Logansport, Ind., Aug. 17.—Instead of going to Porto Rico or taking a long wedding trip, former Representative Fred Landis and wife are spending their honeymoon at the country home of the bridegroom's brother, two miles from Delphi.

Landis has one of the most fertile farms and picturesque homes in the state. When Mr. and Mrs. Landis were married they left the city with the announcement that they would not return until Oct. 1. The impression was given out that they were going to visit his brother in Porto Rico.

NO FEAR OF SUNBURN

Pleasures of Vacation Assured in the Use of By-Lo Talcum Powder.

Anticipated pleasures at seashore or mountain are sometimes marred by remembrances of former suffering from sunburn, peeling skin, tan, and roughness.

This can be avoided and a summer's fun indulged in without fear of impaired beauty if you take along a can of By-lo on your trip and let it be your sole toilet need. By-lo Talcum is composed of the softest finest, air-floating Italian talc, distinctively perfumed, dainty, sweet, and delightful.

By-lo Talcum softens, soothes, and smooths the skin, preventing sunburn or blister, taking the place of all creams, lotions, or face powders. By-lo Talcum not only gives the finish to a refined, dainty toilet, but being medicated, it becomes a necessity in the treatment of every skin affection.

Before going in bathing use By-lo freely and avoid the usually consequent burning of face, neck and arms. After the bath By-lo Talcum Powder retards any ill effects and returns to the skin its natural youthful look. By-lo Violet Talcum is actually the best—so it is By-lo you must insist on having. Costs a quarter for a liberal can at your druggist's.

IN PITCHING COMBAT WACKER SHOWS FORM

Holds Senators Runless and Fans Thirteen Men—The Results.

Milwaukee, Wis., Aug. 17.—Milwaukee and Columbus played fourteen innings to a tie yesterday afternoon. The game was a pitching duel between Wacker and Geyer, with honors about even. Both men were in magnificent form. Several times during the game a single would have won, but both twirlers were invincible with men on bases. Wacker fanned thirteen of the visitors. The score:

	R.	H.	E.
Milwaukee	0	5	4
Columbus	0	6	1

Batteries—Wacker and Warner; Geyer and James.

Two-base hit—Strunk. Sacrifice hits—McCormick, Clark, Odwell. Stolen bases—Odwell, Barry. Double play—Randall to McCormick to McGann. Bases on balls—Off Wacker, 3; off Geyer, 3. Struck out—By Wacker, 13; by Geyer, 6. Time of game—3:00. Umpires—Guthrie and Sullivan.

INDIANAPOLIS, 1; MINNEAPOLIS, 0.

Minneapolis, Minn., Aug. 17.—Minneapolis continued its hitting slump, Glaze holding the leaders well in hand, and the visitors won the first game of the series 1 to 0. The score:

	R.	H.	E.
Minneapolis	0	5	0
Indianapolis	1	6	0

Batteries—Young, Olmstead and Rapp and Block; Glaze and Howley.

Two-base hit—Carr. Stolen bases—O. Collins, Spencer. Sacrifice hits—Oyler, Gill, Burke. Double play—Oyler to Gill. Struck out—By Young, 5; by Glaze, 6. Bases on balls—Off Glaze, 1. SLOW TRACK AT BUFFALO.

George Gano Took the Feature Race at Fort Erie.

Buffalo, Aug. 17.—Light attendance marked the opening of the four-day Grand Circuit meeting at the Fort Erie, Ont., race track. Heavy rain, which fell during the night, made the track a trifle slow.

The feature of the card was the 2:05 pace, which brought together George Gano, Darkey Hal, Major Brino and Major Mallow. Gano, the favorite, got away badly. On the back stretch Driver Murphy tried to get out of a pocket and was forced to pull up. Gano going to a break. The stallion trailed the leaders, getting fourth place, and Major Brino beat Darkey Hal to the wire. Gano went to the post a favorite in the second heat, and won from Darkey Hal. Darkey Hal was pressing Gano hard in the final heat, but broke ten feet from the wire.

Ed Geers upset calculations in the 2:20 trot when he brought Marie N. home in front of Penico Maid, the favorite.

Geraldine, Geers' pacer ruled favorite in the 2:11 pace, the closing event on the card. She was never in trouble, winning four straight heats in order. The summaries:

HENDRICKS MAKES A DEMAND FOR AN UMPIRE

Asks That Jim Connell be Sent to South Bend Today.

Manager Jack Hendricks made a demand early this morning upon Dr. Carson for an umpire to officiate here during the remainder of the Wheeling series and games with Zanesvile that are to follow and suggested that Connell be sent to South Bend. Personally he is well satisfied with the work of the local man and says that he is better than the average in the Central league, but he labors under a big handicap here that he would not have to carry in any other town on the circuit.

He lives here and visiting managers jump to the conclusion that his sympathies are with the home club and from the minute he gets on the lot he is the target for a lot of wrangling. No matter what happens the howl of home umpiring will go up and for that reason Connell is in bad with the visitors. He gives all his decisions just as he sees them and there is little doubt that if he were put in any of the other cities he would give eminent satisfaction.

After the game was gone yesterday McKechnie kept barking at Connell in an effort to get put out, but he failed and had to play it out. He wanted to rest up a bit. By the way that man McKechnie is the only option player in the league so far as the managers know. He belongs to the Pittsburg club and was obtained before the adoption of the anti-farming rule.

Johnny Lindsay tried to pull off a batting feat yesterday that he pulled off very successfully here once before and won a game. With the infield in he has a knack of pushing the ball just over the heads of the inner guard. Soffel nabbed him yesterday but the attempt shows that the local shortstop is trying for some scientific batting.

The double header Sunday was a little too much for McDermott and he was out of the game yesterday with Donahue on third. He will probably be in position for the remainder of the week.

Getting back to the umpire proposition Claude H. Varnell called President Carson by telephone at Zanseville on Sunday and was assured that a member of the regular staff would be here but for some reason nobody was on the job. As has been stated before, Eckman is at his home in Chicago where he went on account of illness, and Chill, Jacobs and Killen are at South Bend, Grand Rapids and Dayton respectively.

Every effort has been made to secure a man, and it is likely that one will be here surely for the game tomorrow afternoon.

ANNIS BECOMES THE OWNER OF STAG OUTFIT

Takes Over Holdings for the Second Time in Couple of Years.

South Bend, Ind., Aug. 17.—Bert Annis, of South Bend, today bought the Grand Rapids Central league franchise from C. F. Brotherton for $6,000. He will hold both the Grand Rapids and the South Bend clubs for the balance of the season.

OPENS FOR SPECULATION.

Looks Like South Bend's Last Season in Base Ball.

The second sale of the Grand Rapids franchise to Bert Annis in two years, and the proven fact that Dr. F. R. Carson will not stand for syndicate ball, indicates that South Bend will not be in the Central league next season. Annis made some money last season by speculating in the franchise and by the sale of a couple of players. This year he has already sold one and at least one or two more may be drafted which would put him whole on the season.

It is rumored that Canton wants back in the league and that the directors are trying for a more compact circuit. These things come up every year in baseball, and especially in the Central league, and it is probable that Annis is just taking another gamble on the holdings with a view of cleaning up a nice little sum.

NO PLACE TO STAY.

Jack Johnson Refused Hotel Accommodations in Salt Lake.

Salt Lake City, Utah, Aug. 17.—Jack Johnson, the heavyweight champion of the world, who arrived in this city yesterday afternoon applied at the local police station at an early hour this morning for assistance in obtaining a place to stop.

After a night of fetes in which the colored population of Salt Lake acted as host, Johnson repaired to a local hotel where it is said rooms had been engaged for himself and wife. He was informed that the hotel did not receive colored people and after vainly seeking accommodations he made an appeal at police headquarters, but was told that the department could not interest itself in the matter.

THE FEATURES, DETAILS AND FIGURES.

—The Features.—

Home run by Channell which scored two men ahead of him.

Home run by Elston. Bill Donahue stood on his head trying to nab the ball.

Bisland's catch of Blount's fly in the seventh. He picked it off his shoe laces.

Fremer's play on Bisland's hot drive in the fourth. He knocked it down and caught his man at first, saving a run.

—The Details.—

With Walter Miller on the firing line and pitching shut-out ball until the ninth inning, when he eased up a bit and was touched for three singles, Fort Wayne negotiated enough business with Richardson, Wheeling's Beau Brummel hurler, to stow the opening engagement with the leaders by a score of 11 to 0. The eminent citizen of Broad Ripple, Ind., passed five men, but the fielding behind him was sharp and he was never in any real danger of defeat.

For three innings Richardson showed grand form, then the locals got mixed with his repertoire in the fourth and pinched off two tallies. Channell opened with a grounder that nearly tore Bob Tarleton's shins off and bounded into the infield. Elston bunted and although Richardson slipped in fielding the ball he didn't have a chance to get the groundhog. Lindsay hunted and moved both men up. Fremer laid one down the third base line, scoring Old Crestline and Elston got over on Uhl's sacrifice fly.

Blount beat a hot drive to Tarleton in the fourth after Miller had been passed and with one gone Channell looped the ball over right field fence. Elston followed with a drive to deep center that Bill Donahue made an awful stab for, but missed it and he made the circuit. Blount was hit in the seventh and after Donahue had forced him at second Channell beat out an infield drive and Elston hit for two sacks and sent the third sacker across.

Fred Uhl opened the eighth with a hit, Miller drove a grounder past McKechnie that Jewell knocked down but failed to handle, Blount popped to first and Donahue hit to left, scoring Uhl. Channell got on on Jewell's bobble and Elston hit out his second double, cleaning up the bases.

In the first of the ninth Milo Stratton hit to left and Krebs was sent in to bat for Richardson. He hit to right and Soffel hit to middle. Stratton did not try for home and the side was retired with the bags full, although the big catcher had a chance to cross on Soffel's hit and another opportunity on a wild pitch. Tarleton hit the ball down to short in the final round and Krebs kicked it out of the diamond, probably under the impression that the batter would get a hit for hitting a runner with a batted ball, but the interference was too palpable.

PRESIDENT AND HIS RAIDERS WIN A BATTLE

Central Resumes Operations at Grand Rapids—Other Games.

Grand Rapids, Mich., Aug. 17.—The Raiders, with Dr. F. R. Carson, president of the Central league at the helm, went after Rudy Summers for fifteen hits in the first game here since the desertion by Brotherton and won over Terre Haute by a score of 8 to 4. Humphries pitched good ball and but for bobbles behind him would have shut the Tots out. The score:

	R.	H.	E.
Grand Rapids	8	15	3
Terre Haute	4	6	8

Batteries — Humphries and Bailey; Summers and Zinram.

Sacrifice hit—Connolly. Bases on balls—Off Humphries, 1; off Summers, 1. Two-base hits—Connolly, Zinram, Somerlott. Three-base hit—McNiece. Double plays—Groeschow to Murray; Kahl to Kihm. Struck out—By Humphries, 8; by Summers, 1. Time of game—1:45. Umpire—Killen.

ZANESVILLE, 6; SOUTH BEND, 0.

South Bend, Ind., Aug. 17.—Kenworthy held the locals to four hits, while Lindsay was touched for twice as many and Zanesville won the first game from South Bend, 6 to 0. The score:

	R.	H.	E.
South Bend	0	4	5
Zanesville	6	8	0

Batteries—Lindsay and Wells; Kenworthy and Hargrove.

Stolen bases—Houtz (2), Wares. Sacrifice hit—Houtz. Struck out—By Lindsay, 1; by Kenworthy, 2. Hit by pitched balls—Hillinger, Kenworthy. Wild pitch—Kenworthy. Bases on balls—Off Lindsay, 2. Left on bases—South Bend, 4; Zanesville, 7. Time of game—1:33. Umpire—Chill.

DAYTON, 3; EVANSVILLE, 1.

Dayton, O., Aug. 17.—Evansville had a shade the best of the hitting in the first game, but Dayton's hits were opportune and the Soldiers won by a score of 3 to 1. The score:

	R.	H.	E.
Evansville	1	9	2
Dayton	3	7	1

Batteries—Covington and Cady; Noah and Pearce.

Two-base hit—Grefe. Sacrifice hits—Sager, Dundon, Grefe, Nally. Double plays—Dundon to Grefe; Sager to Dundon to Grefe. Stolen bases—Gfroerer, Butcher (2), Dundon. Struck out—By Noah, 6; by Covington, 7. Bases on balls—Off Noah, 4; off Covington, 2. Time of game—1:35. Umpire—Jacobs.

NOTES OF CENTRAL LEAGUE.

Claude Douthett, who pitched last season and part of this for the Terre Haute team, has been loaned to the Waterloo, Ia., team for the remainder of the year.

Jack Taylor lost his first game since he joined Dayton when the Stogies beat him Saturday afternoon in the first game of a double-header.

Bade Myers has a good idea. He says that the next time his team goes to Evansville and plays in as hot weather as the club encountered the last time it was there he will use two pitchers to the game.

Big Gene Moore, who was released by Evansville when the club left home is on Roy Montgomery's staff and will likely make good for the Infants. Spangler has been playing great ball since the Champs cut him loose.

With Wheeling as the attraction and threatening weather the Dayton team drew something over eighteen hundred paid admissions at the game Sunday afternoon.

Dayton Journal: It is easy to figure out why the Stogies lead the league race. McKechnie is the choice of the third basemen of the circuit, with every other position in the infield carefully guarded. Soffel at second is a slugger and a clever judge of ground balls, while Jewell covers a world of territory at short. Tarleton, the first sacker, is not as consistent a performer as Salm, but a much harder hitter. Stratton is a great catcher and if he could get a hit now and then he would be in the big leagues. Krebs makes a reliable assistant and the outfield is almost as much as could be desired. Rivington and Donahue being high class.

Leading the pitching staff himself, Manager Phillips has one of the finest string of hurlers on the circuit. Bill has dropped only two games all season, and Richardson, who joined the club here yesterday, Fisher, Nolley and Wolfe are going splendidly these days. Fisher ranks right behind Phillips, having won nine straight victories. He pitched a double-header against the Vets on July 8, when the Wheelings were here last, getting an even break. Since then he has not been defeated. It is reported he will be given a trial by Pittsburg at the close of the Central season.

CANAVAN DROPS OFF ON A SCOUTING JAUNT

Says He is Not Looking for Anything in the Local Club.

Jimmy Canavan, former manager of the Fort Wayne polo team and at present scouting for the Detroit American league ball team, arrived in town early this morning, and like the rest of the major league experts, is here just to look around. He is as communicative as a man in his place can afford to be which means that he can't talk about baseball or the prospect of getting players as the bushes are full of men on the same mission, and likely looking material is being watched most carefully.

"I'm looking for good infielders who can hit," was the explanation of his mission "and I've picked up four or five, and Bobby Lowe has grabbed a couple or so. We are long on outfielders and I'm not particularly interested in them. Of course if I could pick up an extraordinarily good pitcher I would buy him, but I was in the neighborhood and thought I would run over to Fort Wayne.

"I've been in the south and all through the Southern and the smaller leagues down there, and major league timber is mighty scarce. Every likely looking youngster has all the teams in the country looking him over."

Truth of the matter is that Canavan is here to look over a couple of men on Fort Wayne team, and has his eye on the Wheeling club at the same time. Time is a bit too precious with only a couple of days left to close up deals, for him to waste any time in visiting. However, he has to move around with about as much noise as a secret service man and can not tell what he is here for, for fear of losing out.

He announced that he would attend the game this afternoon and see what the Central leaguers look like.

ATHLETICS GO BACK TO LEAD WITH VICTORY

Washington Badly Beaten by Philadelphia—The Pirates Tie.

Washington, D. C., Aug. 17.—Philadelphia defeated Washington handily, again taking the lead in the American league. The score was 6 to 1.

Johnson was wild and ineffective in the fourth and fifth innings, when all the visitors' runs were scored. Gray relieved Johnson in the sixth inning and the Athletics went out in order in the four final rounds. Krause was effective, especially in pinches.

The feature of the game was a home run drive by pitcher Johnson. He caught one of Krause's out curves on the end of the bat, and when the ball came down it landed in the hands of an onlooker on a platform several yards outside the left field fence. Johnson trotted around the bases to the accompaniment of many rounds of cheers.

Third Baseman Baker crashed into the railing in front of the pavilion in trying for a foul fly, and was shaken up enough to make him retire from the game, Nicholls taking his place. Manager Mack was seen after the game and said Baker's injury was not serious. The score:

Washington	R.	H.	E.
	1	3	0
Philadelphia	6	8	2

Batteries—Johnson, Gray and Street; Krause and Livingston.

Two-base hit—Krause. Home run—Johnson. Hits—Off Johnson, 8 in 5 innings. Sacrifice hits—Ganley, Baker, Murphy (2). Double play—Collins to Davis. Bases on balls—Off Johnson, 4; off Gray, 1; off Krause, 3. Hit by pitcher—By Krause, 1. Struck out—By Johnson, 1; by Gray, 2; by Krause, 3. Time of game—1:40. Umpires—Egan and Evans.

PIRATES AND GIANTS GO TO TIE.

Leaders Overtake Foe in Eighth—2 to 2—as Storm Hits Ball Park.

Pittsburg, Pa., Aug. 17.—With nearly 11,000 fans yelling themselves hoarse, Pittsburg secured a run in the eighth inning of the game with New York, thereby tying the score, and was prevented from sewing up the contest in that period by the most sensational catch ever seen in this city. A heavy downpour of rain at the close of the eighth inning stopped further play, with the score 2 and 2.

Mathewson and Willis, star twirlers for the opposing teams, were on the mound, Willis having slightly the better of the argument.

In the eighth inning, with the score 2 to 1 in favor of New York, Hyatt, batting for Willis, tripled. Abbatichio, running for him, scored the tying run, when Barbeau flied to Seymour. Leach doubled to center, Wagner was intentionally walked and Miller knocked what ordinarily would have been a triple to center, but Murray ran into Seymour's territory and reaching out with his bare hand, took victory out of the grasp of Pittsburg, keeping the game a tie. The score:

Pittsburg	R.	H.	E.
	2	7	3
New York	2	6	0

Batteries—Willis and Gibson; Mathewson and Meyers.

Two-base hit—Leach. Three-base hits—Gibson, Hyatt. Sacrifice hits—Seymour, Bridwell, Merkle, Barbeau. Double play—Murray to Merkle. Bases on balls—Off Willis, 1; off Mathewson, 2. Struck out—By Willis, 1; by Mathewson, 1. Time of game—1:30. Umpires—Klem and Kane.

Warrants have been issued at Goshen for E. J. Gulick, of Mishawaka, and Lois B. Tracy, of Elkhart, charging them with violating the speed ordinance with an automobile. No personal responsibility is attached to them for the death of Everett Cleis, who was thrown from their machine and killed one night last week.

While in the midst of a crowd of merry makers, en route from Boyd park to Peru, the seventeen-year-old son of Frank Medary, of Oakdale, was thrown head first from the rear of the car. The accident was caused by a sudden lurch of the car in turning a sharp curve. In falling Medary struck a telephone pole and was immediately killed.

The 16-year-old daughter of C. W. Morris, a farmer near Westville, was assaulted in a school house by a stranger, who is believed to have been from Chicago. With a story that he was a farmer living north of Valparaiso and in want of a girl to do housework, the man induced the young woman to go with him. The breakling of a storm drove them into a school house for shelter and there the assault took place.

Sunday morning's storm wrought extensive damage throughout Steuben county. At Metz lightning struck the United Brethren church, starting a fire which destroyed the structure and most of its contents, only the church organ and a few chairs were saved. The loss is $1,000, covered by insurance. The large bank barn on the John Sharritt farm, in Scott township, was struck by lightning and destroyed with its contents.

The recent celebration of Peru's diamond anniversary and Miami county's home coming was a success financially. The chairmen of the various committees spent money judiciously, and notwithstanding that the expenses amounted to $300 more than the subscription list, there is nearly $200 in the treasury, the concessions having turned into the fund more than $500. It is proposed to hold another homecoming next year, in October, at the time of the dedication of Miami county's new $300,000 courthouse.

Attend Ash's Stove Sale.

Madam, See What You Lose On 5-Cent Cans

The 10-cent cans of Van Camp's Milk give you sixteen ounces—the 5-cent cans only six ounces. Note how much this means.

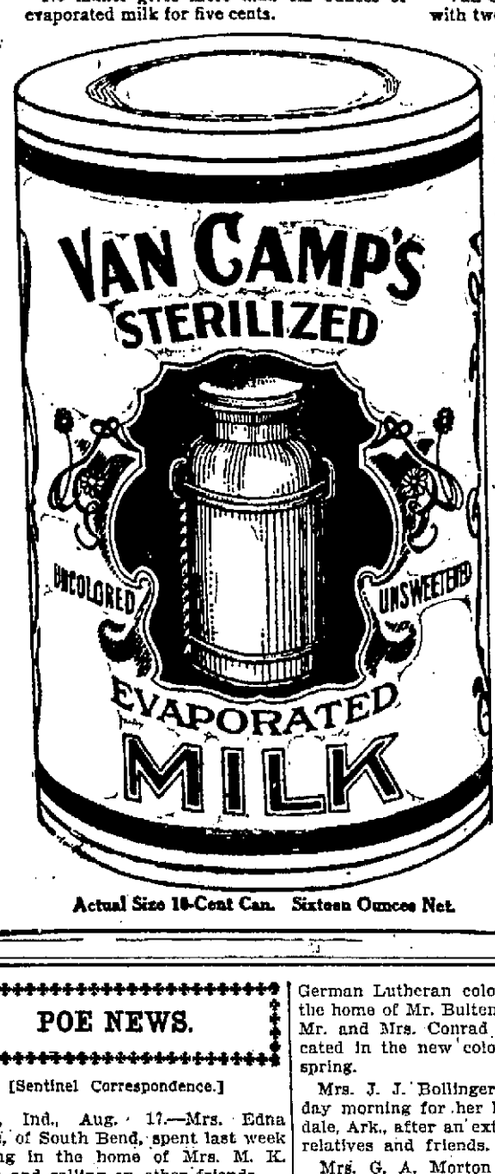
You get six ounces of evaporated milk in a 5-cent can of Van Camp's.

But you get sixteen ounces in the 10-cent can—a full pint. And you get the same milk in both.

That is one of the ways in which you lose money by buying the 5-cent can. Let us explain them all.

No Maker Gives More

No maker gives more than six ounces of evaporated milk for five cents.



Actual Size 10-Cent Can. Sixteen Ounces Net.

Thin milk, with too little water evaporated, costs just the same as Van Camp's.

So you get just as much of Van Camp's as you get of the poorest milk on the market.

But you spend more than you ought when you buy any milk in the 5-cent size.

Figure It Out

Van Camp's is simply rich Holstein milk, with two-thirds the water evaporated.

The milk as it comes to you is 28 per cent solids, 8 per cent butter fat.

If you replace the water which we take out, you should get rich milk for about six cents per quart.

That is based on buying the 10-cent cans, and buying them by the case. For grocers give discounts on cases.

But the 5-cent cans—even when bought by the case—make the milk cost you over eight cents per quart when you replace the water.

So you will see you are paying just one-third more when you buy the 5-cent cans.

Use It for Cooking

The trouble is here: Most people who buy the 5-cent cans don't use Van Camp's for cooking.

They use it for coffee and cereals, perhaps. But they still use raw milk for making milk dishes. And there they lose the greatest service that Van Camp's Milk can render.

Milk dishes made with Van Camp's have a flavor and richness which raw milk never gives. You will use Van Camp's forever when you once learn the difference.

The reason is that raw milk separates. The butter fat rises and the solids fall. When milkman's milk is used in cooking, it generally comes very far from whole milk.

Van Camp's is whole milk. It has all of the butter fat, all of the solids it had when it came from the cow. It will make your milk dishes twice as delicious as dishes made of raw milk.

Van Camp's Milk Keeps

Van Camp's Milk will keep because it is thoroughly sterilized. An opened can will keep 24 hours in ordinary weather. It will keep 48 hours or longer on ice.

If you use only part, you can leave the rest in the can and use it next day. You don't need to buy in small cans for fear the opened cans will spoil.

Our Object Is This

It may seem better for us to sell six ounces for 5 cents than sixteen ounces for 10 cents.

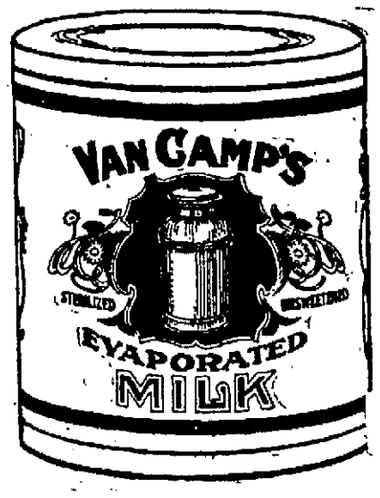
But it isn't. Our interest lies in making this milk economical. It should completely displace milkman's milk.

Van Camp's Milk serves every purpose fully twice better than raw milk. You will use more of it when you learn these facts, and learn the economical can.

Then the usual milk sold in 5-cent cans is often a vastly inferior milk.

So we urge you to buy the 10-cent cans and get the full worth of your money.

And don't buy from day to day, as you bought milkman's milk. Buy a case at a time and get the case discount. Then you will have the best milk in America for less than poor milk costs.



Actual Size 5-Cent Can. Six Ounces Net.

DR. HARDMAN, SPECIALIST

I CURE PELVIC, NERVOUS AND CHRONIC DISEASES

EVERY MAN who does less than he should do at his desk, in the shop or on the farm is weak in some way. I have found the man who cannot accomplish all he expects or hopes for is often the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body.

These neglected or unknown conditions are usually diseases of the pelvic organs which reflexly act on the organs of digestion, of elimination and the nervous system, which in turn has its influence on the brain. I have made a special study of the nervous system and have perfected methods that will **CURE** Pelvic Diseases.

Hundreds of people in and about Fort Wayne who have taken advantage of my treatment are now cured and satisfied and are enjoying the blessings of health.

Many of these I have cured after they had sought relief at the famous health resorts and spent much hard-earned cash in their efforts to get well.

Are you physically able to do your part and keep your place in the procession, or is there some disease which is slowly, but surely, undermining your vitality and unfitting you for performing your part of the duties which every man owes to his country, to his neighbors, to his family, his loved ones and to himself?

Do you think you are doing your duty by neglecting an opportunity to rid yourself of the shackles of disease?

I have spent years in the study and treatment of **PELVIC, NERVOUS AND CHRONIC DISEASES** and have perfected methods which will not only **POSITIVELY AND PERMANENTLY** cure these **CHRONIC AND DEEP-SEATED DISEASES**, but will restore to a normal and healthy condition the broken-down and devitalized organs.

DID YOU EVER STOP TO CONSIDER WHAT IT COSTS YOU NOT TO ENJOY GOOD HEALTH?

OTHERS TREAT, BUT I CURE

Think it over and consider if you can afford, as a matter of business, to neglect yourself and risk **FAILURE** because you are handicapped by disease.

Many a man has been forced to abandon a successful career because of some **PELVIC OR CHRONIC** disease, which had insidiously wrecked his nervous system and unfitted him for performing the duties which he otherwise would have been able to perform.

It makes no difference how long you have been afflicted, if I accept your case I will positively cure you.

I note that one of the smaller institutions in the city is copying my advertising. While this is very flattering to me it shows that they have come to recognize my superiority of advertising, and as they also copy my ideas it is the highest compliment they could pay me as to my ability. Yet while I am glad to note that they are thus recognizing my superior ability, it is somewhat confusing to the public, as some might be led to believe that I am in some way interested in their offices. Do not be deceived, for while they may copy my advertising THEY CAN NEVER COPY MY METHODS.

I have made it an invariable rule to accept no cases for treatment that I cannot cure. While this, of course, compels me to refuse to treat quite a good many cases which come to me, it has established a confidence in the public that when I accept a case for treatment I will accomplish a cure. I have, beyond a question, the best business of my kind in the state, and the hundreds of satisfied patients whom I have cured are ample evidence of my ability to successfully treat these chronic and deep-seated diseases in which the ordinary methods have failed. **I HAVE NO TIME TO WASTE ON INCURABLE DISEASES.**

In this day of active competition to attain that measure of SUCCESS for which we were intended it is absolutely necessary that all the faculties should be unimpaired.

I REPEAT, NO MAN CAN AFFORD TO RUN THE RISK OF FAILURE BECAUSE OF BEING HANDICAPPED BY DISEASE—

BLOOD POISON—I use only the most advanced methods in the treatment of blood poison and kindred diseases.

ECZEMA and other skin diseases quickly cured.

NERVOUS BREAKDOWN and nearly all nervous diseases are the direct result of chronic or imperfectly treated **PELVIC DISEASES**, such as **VARICOCELE, PILES, FISTULA, STRICTURE**, etc. I not only remove the cause, but my many years of experience in the treatment of nervous and pelvic diseases enable me by my special methods to revitalize the entire nervous system and to restore to perfect health nearly all sufferers from **NERVOUS BREAKDOWN AND VITAL WEAKNESS.**

EXAMINATION—My facilities for examination are unexcelled. I learn the exact condition of the rectum, the bladder and every organ of the genito-urinary system. This in itself is of the highest importance, inasmuch as a broken-down nervous system and many more of the troubles of the **STOMACH, LIVER, KIDNEYS, ETC.**, are reflex and are the direct results of some **PELIC LESION OR DISEASE.**

PROSTRATIC ENLARGEMENT—This may result from a number of causes. The constant jarring and vibration of trains and trolley cars are a very potent cause. Bicycle riding and the use of riding implements on the farm are factors in producing this disease. In fact, the causes are so many and varied that fully 75 per cent of all adults are afflicted to a greater or less extent by the disease. The disease is so little understood, and as one of the principal symptoms is a pain in the back, it is usually called kidney trouble and treated with local applications or sedatives which can do no possible good whatever. I reduce the enlargement and have been able to cure about 90 per cent of all cases.

VARICOCELE—I cure Varicocele in a few days' or weeks' time without the use of the knife.

STRICTURE—I readily remove stricture by my dissolvent method without the use of instruments.

RUPTURE, PILES, FISTULA, ETC., cured without detention from business and without the use of the knife.

Get at the root of the trouble.

Rubbing an aching back may relieve it.

But it won't cure it.

You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain. They cure, too, so Fort Wayne people say.

Mrs. Dorothy J. Edgar, 617 Holman street, Fort Wayne, Ind., says: "I have used Doan's Kidney Pills, procured from Meyer Bros. Co.'s drug store, and have found them to be a reliable remedy for kidney complaint. This trouble made its appearance in my case several years ago and at that time a physician told me that my kidneys were badly affected. Later I consulted another doctor and he called my trouble lumbago. My back pained me intensely and I was subject to frequent attacks of dizziness. When I was advised to try Doan's Kidney Pills, I immediately began their use, and it was not long before I found relief. I feel that Doan's Kidney Pills deserve all the praise that can be given them."

WINONA'S GREAT BIBLE CONFERENCE

This Noted Religious Congress for the Study of the Scriptures Will Begin August 22 and Continue for Ten Days.

Bible Conference Music

Exceptional Presentation of Favorite Singers and Their Helpful Songs on the Program.

Winona Assembly has never presented to the Christian workers a more brilliant or more helpful program than is offered for the fifteenth annual Bible Conference which will be held at Winona Lake, Ind., August 22 to 31. Prominent ministers from all over this country and several from Europe are on the program. Ministers who miss this year's conference will never know what they have lost. Besides this wonderfully strong program, the association of ministers and the side notes which they pick up and the personal conferences with each other will be a great help to everyone who attends. The readers of our paper are extremely fortunate in being located so near Winona Lake, where it is possible for them to attend any day, returning home the same night. Many from our rural districts have planned to attend this year, and every consideration will be shown them at Winona, and they are especially invited to share in the many good things which are in store for them during this ten days. We are very fortunate in being able to give our readers the complete program, which follows:

What Has Been Prepared

Strongest Program Offered in All the Fifteen Years of the Conference.

Music has always been an element of inspiration and uplift at Winona Lake, but it reaches its highest culmination at the Bible Conference. Melodious strains that are wafted on the air in our great Assembly gatherings touch a responsive chord in the hearts of the thousands of visitors and become indelibly fixed in the memories through the frequent repetitions of the joyous strains, and are carried to the various homes and home churches to be repeated again and again. Thus the glad exhilaration is transmitted through the medium of song, and messages of consolation and cheer multiply and magnify until the ends of the earth are touched with its magical influence.

Music, both vocal and instrumental, is an indispensible feature at the notable gatherings of the Bible Conference. Everyone receives inspiration from the services of song that are interpersed throughout the diversified programs; and of all the precious memories that are carried away by the visitors, music forms an essential part. Hearts are made tender and receptive by reason of the effective and appropriate music.

The selection of music for this year's Bible Conference has been made with unusual care, and in consultation with those whose judgment we can rely upon, we do hestitate to say that the music of 1909 will surpass that of any former year. It is the earnest desire of the committee in charge that the spiritual and intellectual feasts of the Conference may be liberally interspersed with soul-stirring music that will abide in the heart to make life purer and more noble.

The installation of a new two-manual pipe organ in the auditorium at a cost of four thousand dollars is a substantial evidence of the earnest endeavor of the management to provide the highest quality of music for Winona. The instrument is the best that can be obtained for the money and is already receiving the highest praise of the musical people of Winona, and its richness of tone will lead additional charm to the other instruments and voices that are to be heard in connection with the program rendered during the closing of the Assembly.

Prof. E. O. Excell whose name is so closely associated with the singing at Winona, will be present at every session of the coming conference. His personality gives enthusiasm to the chorus work, and his skill as a director is magical. Many of the hymns used at Winona are of his own composition (words and music,) and this is one reason why he is able to enter into the spirit and meaning of the hymns so heartily. His capable assistant, Professor Charles F. Allen, is also well and favorably known to those who attend Winona. His ability as a leader is second to none, and his conscientious efforts are fully appreciated. The Winona choir, under the management of these two gifted leaders, has attained a position of prominence and efficiency not hitherto attained and the members of the choir graciously acknowledge the privelege they enjoy in becoming a part of this great organization.

Mr. E. F. Yarnelle is an indispensable factor in the music at Winona. His sweet voice has been heard every year since the beginning of the assembly.

Rev. Chester Birch, an evangelist of great power and a cornetist of rare distinction, will add interest to the music at the Bible Conference by the contribution of his musical talent.

The accompanists for the Conference are Miss Della E. MacFarlane, of Marion Ind., organist, and Mr. Charles H. Marsh, of Winona Lake, pianist. Both of these musicians have fine talent and training and their accompaniments will prove most satisfying to the thousands who attend the Conference.

Among others of excellent reputation who are to contribute to the success of this year's Conference are the following well known musicians:

Mr. W. A. Excell, Chicago, Ill., balled horn soloist.

Prof. F. G. Fisher, musical director for Rev. W. A. Sunday.

Prof. B. S. Ackley, pianist and accompanist for Rev. W. A. Sunday.

Prof. Homer Rodehaver, Jellico, Tenn., trombone soloist and musical director for Evangelist W. E. Biederwolf.

Miss Barbara Wellner, Elkhart, Ind., soloist.

Mrs. Alice Flowers, Chicago, Ill., soloist.

Rev. E. R. Smoot, Greenwood, Miss., chorus director and soloist.

Prof. J. R. Stentz, Chicago Ill., chorus director and soloist.

Prof. R. E. Mitchell, Portsmouth, O., chorus director and soloist.

Prof. Ray S. Mohr, Ashley, Ohio, director and soloist.

Miss Mary Stuart, Cleveland, Tenn., soloist and pianist.

Mr. Earl Wolelagel, Chicago, Ill., Gospel Singer.

Mr. Harold Coffin, Chicago, Ill., Gospel singer.

Mrs. L. G. Dickey, Winona Lake, soloist.

Prof. Fred Calvert, Lima, Ohio, soloist.

Miss Bessie May, Winona Lake, soloist.

Mr. L. G. Dickey, Winona Lake, soloist

Prof. W. H. Collisson, Winona Lake, soloist.

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach.

A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of *unknown composition* as a substitute for "Golden Medical Discovery," which is a medicine OF KNOWN COMPOSITION, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate Stomach, Liver and Bowels.

We Want to Place Our Adjustable Shade Bracket

in every home in Fort Wayne and in this manner convince the people that we have one of the very best articles on the market today, in the way of a Shade Bracket.

We have reduced the price to 5c per pair—look at your woodwork and see how it is all marred up with the old-style bracket—especially, if you rent out your homes. One tenant will put brackets one place when house is vacated—the next tenant will put the shade bracket either just above, a little below, or, perhaps just outside the holes that are already made in the woodwork—by and by you will see nothing but holes and no place to put on small brackets any more. Your woodwork is ruined—now look at the cut of this bracket and you will see the difference between the old style bracket and the Adjustable Shade Bracket, they will last you a lifetime—no need of ever removing them after you once place them on your woodwork—for you can adjust this bracket to fit any width of shade. It is so simple that a child could do the work.

After brackets are placed on the woodwork, you unfasten small screw; adjust bracket to fit the width of your window shade, then tighten up screw again. It not only saves your woodwork, but your shades will last twice as long. When shades are properly hung, the edges will not wear out and shade cloth will not crack. Try them and be convinced that what we are telling you is the truth. Buy Treep's Adjustable Shade Bracket and you will use no other.

When you are down town, stop and look at the large display of brackets in our window, at the Wayne Paint & Wall Paper Co., 714 Barr St.

THE SHOP AND RAILROAD NEWS

HOST TO PANHANDLE MEN.

Pennsy M. P. Boys are Preparing for Jolly Time.

The employes in the motive power offices and shop offices of the Pennsylvania in this city will entertain the Columbus Motive Power employes and the baseball team Saturday, August 28. The details for the entertainment have not been completed, but the program will include the annual ball game between the Southwest and Northwest system teams, a banquet at either the Elks club or the Alt Heidelberg, followed by a trip around the city and possibly to Robison park. P. F. Merritt is chairman of the committee and he will soon have all arrangements completed. This will be the second gathering of its kind this year. The first was held here two months ago. They are pleasant affairs and are usually enjoyed by about forty men.

OFFICES ARE COMPLETE.

Recent Addition to Electric Works Being Occupied.

The new offices in the third story of the laboratory building at the Fort Wayne Electric works have been completed, and with the exception of General Manager J. J. Wood and Factory Supt. E. A. Barnes the tenants are in them. George F. Card and his clerks, of the production department, moved two weeks ago, and A. L. Hadley and his clerical force, of the engineering department, moved today. Supt. Barnes will move tomorrow and Manager Wood will have his quarters changed next week, while he is east on a business and pleasure trip. The new offices are all that could be desired in the way of ventilation, light and equipment.

STRUCK BY LIMITED.

W. A. Lansberry Receives Injuries at Warsaw.

This morning W. A. Lansberry, a farmer residing a short distance south of Warsaw, was driving across the Pennsylvania tracks while enroute to that city, when the vehicle in which he was seated was struck and demolished by the engine pulling Pennsylvania train No. 5. Lansberry was hurled several feet, but escaped serious injury, his wounds consisting of bruises and cuts. The horse was not harmed. Eastbound fast mail train No. 18 had just passed the crossing and the attention of the farmer was directed to it and he failed to notice the approach of the train from the opposite direction. The company's surgeon at Warsaw attended the injured man.

REVISED THE LIST.

With a view of strengthening the team, Captain George Yeager has completely changed the line-up of the Pennsylvania round house team at League park next Saturday morning, the date of the Pennsylvania Employes' Athletic association's annual field day. Captain Yeager was recently elected manager of the team, a position he occupied last year. He announces the following line-up: John Zeller, c; F. Spoor, c; E. W. Miller, 1b.; J. Balls, 2b.; W. Gaskill, ss.; F. J. Burns, 3b.; A. Keller, lf.; J. J. Newman, cf.; R. Koch, rf.

RETURNS TO OLD EMPLOYER.

Marton Hengstler, a blacksmith, resigned his position at the Pennsylvania shops this morning and has returned to his old position with Foreman Joseph Slater, at the Bass blacksmith shop. Mr. Hengstler was employed in the Bass shops a number of years, but a year ago, when that shop was short on work he retired and took a position with Foreman Szink, at the Pennsy shops.

THREE MINOR ACCIDENTS.

H. A. Christen had an eye hurt this morning when a piece of metal lodged in and cut the optic. He will be off duty for a few days. L. L. Cullen had a finger cut and bruised yesterday and is disabled for a few days, and A. C. Roehm received a gash to the bone and about an inch long in his head Saturday and is off duty pending treatment. All are employed in the Pennsylvania erecting shop.

WILL ADDRESS UNION MEN.

L. D. Redding, president of the Fort Wayne Federation of Labor, left this morning for Lansing, Mich., where he will be one of the speakers at a mass meeting of union men this evening. Mr. Redding is organizer for the Meat Cutter's and Butcher Workmen and expects to complete the organization of a union in that city before he returns home.

WABASH PAY DAY.

Bulletins on the boards of the Wabash shops and freight house announce that the paymaster will be in Fort Wayne next Friday. The distribution of cash will be somewhat greater than it was last month, on account of the improved conditions at the shops and on the road.

WABASH OFFICIALS HERE.

Motive Power Supt. E. F. Needham, Division Supt. J. C. Sullivan, General Car Foreman Charles Anderson and Chief Draughtsman G. E. Contant, of the Wabash, arrived in the city this morning and spent the day in looking after affairs connected with the departments they represent.

INDUSTRIAL NOTES.

Edward J. Bott has resumed his duties at the Wabash machine shop, after a ten days' vacation absence.

Mrs. C. Sauer and Mrs. C. W. Ziegler, of Bellevue, attend the funeral of the late Conductor W. P. Bonter this afternoon.

H. W. Ropa resumed his clerical duties in the Pennsylvania shops this morning, having returned yesterday from an eastern vacation trip, accompanied by Mrs. Ropa. They were gone about two weeks and spent the time at Pittsburg, Niagara Falls, Buffalo and Cleveland.

Joseph Smith, a machinist at the Pennsylvania shops, has gotten up an electrical machine for cutting meat in a butcher shop. It is said to be a great labor saver and to perform its work well. Patents on the device have been applied for.

George Wood, who has been making a tour of the Great Lakes, resumed charge of affairs at the arc testing room at the electric works this morning after an absence of two weeks. H. W. Goodrich and W. H. Tucker, of the incandescent testing room, are also back from a visit to Detroit.

M. S. Willson continues to suffer severely from lumbago or other affection and will be unable to resume his duties at the Electric works for several days. Mr. Willson came home from the Martinsville sanitarium a week ago, having received but little benefit from the treatment there.

Charles F. Hunt, formerly a Nickel Plate fireman, died at New Haven, Conn., last week as the result of an automobile accident. The young man was a native of Sedalia, Mo., where the remains have been taken for interemtn. He was to marry a young lady residing in Cleveland in a few weeks.

Mr. and Mrs. John Gottlieb, of Chicago, left for that city this morning, after a week's visit with Louis J. Stetter, of the Pennsylvania shops, and his family. Mr. Gottlieb expressed surprise at the substantial improvement in the city since his last visit here, twenty-five years ago. He is chief engineer of the big Marshall Field store in Chicago.

It is said that James V. Wilson, who died last week at his home in Elgin, Ill., traveled 2,000,000 miles during his fifty-three years of service at the throttle of a passenger engine. A remarkable feature of his work was the absence of acident in which passenger or crew were hurt. For the four years preceding his death he was a master mechanic.

The Coppack Motor company, of Decatur, Ind., has expressed a desire to locate its factory in Fort Wayne, and a representative, who was in the city yesterday, says that the change of location will be made if $100,000 worth of stock can be sold here. The company manufactures automobile trucks and will establish a plant that will give employment to eighty men in the start if the desired amount of stock can be placed.

LAD OF 13 A TRAIN WRECKER.

Chicago Boy Arrested in Michigan Tells Officers "Line Is No Good."

South Haven, Mich., Aug. 17.—Richard Phillips, of Chicago, whose father is in the employ of Libby & Co., but who has been with his mother at the farm home near Covert, was arrested at that place yesterday by Constable Beattie, charged woth attempting to wreck passenger trains on the Kalamazoo, Lake Shore and Chicago railroads on four different occasions.

Shortly after his arrest he made a complete confession and was taken to the county jail at Paw Paw, where he will have a hearing. As he is but thirteen years old it is likely he will be taken before the juvenile court.

When questioned concerning his attempt to wreck the trains, young Phillips said that "the line was no good," and that he "wanted the trains destroyed." Ties were placed by him on the track in such a position that had a train been derailed it would have been hurled into a ravine.

Phillips would not give his Chicago address and his mother could not be reached tonight.

RACE WAR IS THREATENED.

Evansville and Howell Resent Influx of Hungarian Laborers.

Evansville, Ind., Aug. 17.—An attack upon a house in which eight Hungarians employed by the Milwaukee Falls-Evansville Chair company live Saturday night and the firing of shots into the house opened the eyes of the county and city officers today to the imminence of serious racial trouble on the river front between Evansville and Howell. None of the Hungarians were hurt. There is a bitter feeling in the neighborhood over the intrusion of the foreigners.

SALOON MEN SETTLE AND AGREE TO QUIT

Gierhardt and Swift Say They Will Permit No More Gambling

Harry Swift, accompanied by Attorney John W. Eggeman, entered pleas of guilty for himself and Lafe Gierhardt, his partner in the saloon business on Calhoun street, to the charge of renting rooms for gambling purposes, in the city court this morning, and each of them was fined $15 and costs, amounting all told to $50, and he gave his solemn promise to Judge Skelton that he would not allow the apartments above his place to be hired for anything but legitimate purposes in the future.

The place was raided not long ago and a number of men found there playing roulette, and the police still have a roulette wheel that is awaiting disposition, notice having been served that a motion will be made in court to destroy it. The fine was low in each case, but the men are evidently sincere in their promise to close up the gambling shop, and the judge stated that this is the end most desired.

The Other Cases.

Rudolph Gerberding, an old offender, got $5 and costs and sixty days for stealing four chickens from Mike Spitz, his employer, and selling them to a local grocer. Spitz was in court a few minutes after the sentence was passed and said Gerberding had gotten about thirty of his fowls.

Joe Swain stole a pair of shoes from Martin Quigley and drew $5 and costs and thirty days.

John White came up from Montpelier with a jag and he was picked up on the street drunk. He wus fined $1 and costs and sentence was suspended on condition that he leave the city.

TAKE NOTICE.

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. Dreier Bros.

SCOTCH PIPER MAY COME HERE FOR FIELD DAY

Caledonians are Arranging Great Program for Annual Affair.

Scotch music and tunes galore, the old airs which stir the blood of the older people of that nationality, when they hear them, will be on hand for the annual field day of the Caledonian society at Robison park on Saturday, the 28th of this month. The Robison park management has tendered the use of the park band for the afternoon and negotiations are being conducted with a Scottish piper, whose home is in Toledo, Ohio, to come here and appear and amuse in his native attire and with his native pipe.

The tract at the park will also undergo some preparations for the day, as it is to be scraped daily next week and put into first class shape. The events in the athletic program are numerous and varied, combining to make a good time for both old and young. Competition in them shall be open to all, the entries to close at noon on that day. A handsome mounted gold medal will be awarded to the best all-around athlete and gold and silver medals to the winners of the first and second prizes respectively. One of the new features of the day will be a hurdle race, the first one in nine years. The Caledonian society of this city has been holding the affairs annually for the past twenty-five or more years.

Among the events will be hundred yard dashes for young men, boys under 12 years of age and girls of similar age. Also a 220-yard dash for regular entrants. Other events will be putting the shot, running high jump, throwing the hammer, 220-yard hurdles, hundred ward dash for men over 50 years of age, pole vaulting, tossing the caber, running broad jump, half-mile run, third-mile relay race and Scotch dancing to the music of bag-pipes.

The officer of the day will be William Lawson, with the judges, David McKay, George Davidson and W. W. Orrick. W. G. Burns and M. Langtry will act as starters and John Christie as announcer. William Johnson, James McKay and Alex Wilson will be time-keepers and the marshals John Dixon, David Silver and Thomas Sinclair. John W. White is president of the society and Richard Miller the secretary.

Dr. Charles E. Barnett went to Wallon lake Monday evening and will spend the next ten days at his cottage there.

James Conroy, of Taylor, Texas, arrived in the city today to spend several months with his parents.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Aug. 17.—Declines of ½d to 1d in the price of wheat at Liverpool prompted considerable selling of wheat at the opening of the market here today, resulting in initial losses of ¼c to ⅜c, compared with yesterday's final quotations. An easier tone in the corn market also had a depressing effect early in the day. A slight bulge occurred shortly after the opening, due to the covering by shorts, but the demand was soon satisfied and prices dropped back again to about the opening level. Weather conditions in the northwest were still generally favorable for harvesting and threshing. The September delivery opened at 99¼c to 99½c and December at 96¼c to 96¾c. After touching 99⅞c the price for September option eased off again to 99⅛@99⅜c. December rose to 96¾c, but declined again to 96½c.

The wheat market was rather nervous all day with the predominating tone one of weakness. The heaviness of corn was a bearish factor. The close was steady with September a shade higher at 99⅜@99¾c. December was up ⅛@¼c at 96⅝@96¾c.

Reports of rain in parts of Nebraska and Iowa checked the upward trend of corn prices, sentiment in the pit early in the session being somewhat bearish. Longs were disposed to take profits in view of a probable break in the drouth in the southwest. The September delivery opened unchanged to ¼c lower at 66c to 66¼ and sold off to 65⅞c.

Additional weakness developed as trading progressed, September declining to 65⅜c. The close was weak at almost the bottom, September being off ⅞c at 65¾c.

Oats were steady, despite the easier tone of wheat and corn. A leading commission house was an active buyer. A good demand for the cash grain had a strengthening influence. Septemben opened unchanged at 38¾c, sold off to 38¼c and then rallied again to 38⅝c.

Provisions were firm on moderate demand by commission houses. Prices at the start were unchanged to 5c higher.

The Close.

Prices at the close were as follows:

Wheat—September, 99⅝@99¾c; December, 96⅝@96¾c; May, $1.00⅛@1.00¼.

STOCK AND BONDS.

The Day on Wall Street.

New York, Aug. 17.—The stock market opened irregular, but with more important changes in the way of advances. St. Paul, New York Central, United States Steel preferred and Kansas City Southern were up a point. Union Pacific lost 1 point and there were some large recessions in other prominent stocks.

After the selling orders at the opening had been executed the market began to work gradually upwards and the list soon ruled at a good level above yesterday's closing prices. New York Central was bought heavily at an advance of 1⅛ and Union Pacific converted its initial loss of a point into a similar gain. St. Paul also got up 1½, Reading 1⅜, Northwestern and United States Rubber 1¼ and Amalgamated Copper. American Smelting and Consolidated Gas 1 point. These gains were considerably reduced and in some instances wiped out later when profit taking became general. Ontario & Western, Rock Island, Atlantic Coast Line, Great Northern Ore Certificates, Sloss-Sheffield Steel, Republic Steel preferred, North American and American Woolen were driven 1 to 1⅜ below last night's close. Near 11 o'clock the market was bid up again sharply with Atchison prominent at a gain of over a point.

Activity on the bear side of the market and the disposition to take profits on bulges caused a sharp decline in prices which drove the market well below yesterday's closing prices. Union Pacific showed an overnight loss of 2 points, Atlantic Coast Line, Wabash preferred, American Ice and Brooklyn Union Gas dropped 2½, Lake Erie & Western 2 and Delaware & Hudson, Great Northern preferred, Kansas & Texas, Denver & Rio Grande and People's Gas 1 to 1½. Bonds were irregular.

A flood of liquidating sales drove Union Pacific down 3⅝ below yesterday's closing to 210¾. The persistent selling of this stock uncovered stopped loss orders which encouraged the bears to attack the general market with confidence. Prices elsewhere ruled in numerous cases from 1 to 1½ below yesterday's closing figures. Among the weak features were Southern Pacific, Reading, Northern Pacific, Louisville & Nashville, Pennsylvania, Rock Island preferred and some of the metal car equipment stocks. Covering by shorts brought about a rally about 1 o'clock.

Heavy buying for both accounts in Union Pacific was a feature of the later afternoon dealings and the price was lifted to a parity with yesterday's close. Complete recoveries were also made in other stocks, but the bulls did not attempt to push the market beyond yesterday's closing level.

The market closed active and firm. Stocks were accumulated again on a rising scale, with the demand urgent for Union Pacific, Atchison, New York Central and United States Steel. All of these stocks were anywhere from 1 to 1½ above yesterday's closing and the balance of the list also gave a good account of itself.

THE MONEY MARKET.

New York, Aug. 17.—Prime mercantile paper, 4@4½ per cent; sterling exchange, steady, with actual business in bankers' bills at 485.05@485.15 for sixty days, and at 486.60 for demand.

LOCAL MARKET EPITOME.

Some potatoes, with a load or two of apples were about all the buyers on the wholesale market could spend on this morning. The retail was fair, but otherwise doings were easy and light with no prices changing.

Only a fair market is expected for tomorrow, though it is thought that by Thursday, the produce receipts will be much better.

Grain prices continued about the same today.

The Rurode DRY GOODS CO.

HERE AND THERE

Throughout the store the new goods for fall are peeping out. Someone has to be first to show the new things, and very generally people have come to look to us to be the one. We keep in close touch with the fashion centers, keen on the scent of anything new and interesting. Every day from now on this store will be full of interest to the student of fashion. Every day will bring new things to our door. See the new things while they are really new.

The First Arrivals

In fall suits and skirts will be found very attractive. While the showing is far from complete, enough are here to show the trend of fashion.

New models in pleated cloth skirts at $6, $7, $7.50, $10, $12.50, $13.50 and $15.

Latest models in cloth suits, long coat effects, at $35, $40, $45 and $50.

Misses' fall suits, sizes for 14, 16 and 18 years, at $22.50, $25, $27.50, $32.50 and $35.

Women's long coats in plain and fancy covert cloth at $18.50, $23.50, $27.50 and $30.

Infants' Wear

Not a new department with us, but in a new location, enlarged and improved. All the dainty things for baby needs are now all together in one place and they make a pleasing showing. Everything needed for baby's wear and comfort can be found here and at prices that will save a lot of mothers worry.

PLAIN SAILING

it is for you after consulting us about anything in the line of plumbing or heating. Just tell us what you want and it will be done to your entire satisfaction. Like Davy Crockett, we are first sure that we are right and know your wishes and then we go ahead and give you the best work in this line you can get when it is done by Schwegmans.

OUR NEW BANKING ROOMS

We have pleasure in announcing that the new rooms being prepared for us in the new fire-proof building now under course of construction on the old Aveline House site will be on a scale commensurate with the position of this bank as the oldest National Bank in the state and the largest National Bank outside the capital city. Our new vaults will be a surprise to everyone and will compare favorably with vaults in the largest cities. The matter of safety has had our first consideration, but we have tried not to overlook beauty of construction and perfection in point of all facilities to be enjoyed by the public. We hope to occupy the new rooms by December 1st.

We shall be glad to have you call on us and discuss the opening of a new account or any other question of financial or commercial interest to you.

Our Resources are in Excess of Four Millions.

FIRST NATIONAL BANK OF FORT WAYNE

CITY BREVITIES.

The Baltes barber shop on Harrison street has been purchased by J. W. Davis.

Offices at No. 11 Broadway, New York city, have been opened by the Trade Mark Title company. Harry Culbertson has been placed in charge of the eastern headquarters.

John R. Moran and Charles P. Lampley, both of Auburn, Ind., have been enlisted in the United States cavalry through the local army recruiting station. They have gone to Monterey, Cal.

Arthur Moore, chief clerk to General Manager Emmons, of the Fort Wayne and Wabash Valley Traction company, resumed his place yesterday after spending a two weeks' vacation at Rome City.

An automobile owned and driven by Dr. Smith, of Hoagland, Ind., ran down a man named F. J. Potter in front of the interurban station Monday evening. Mr. Potter is about sixty years of age and he himself exonerates the doctor of any blame for the accident. He was taken to his home at 801 Prospect avenue, where his body was found to be badly bruised.

DON'T BE THIN

No Need of Being Scrawny, Weak and Emaciated.

Good healthy flesh can only be gained by the use of the proper food, with thorough assimilation of the fat-giving elements. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food. Weigh yourself before commencing to use these little tablets, and see how your weight increases.

Samose has valuable flesh-forming and tissue building properties, and when it is assimilated with the food, it causes the flesh-making elements to be retained and the weight is naturally increased.

Meyer Bros. Co., the popular druggists, have sold in the last few weeks, a great many packages of Samose, every one with their personal guarantee to refund the money if it did not give satisfaction, and has had but one person ask for the money back. Just think of it; only one who used Samose found that it failed to give a satisfactory increase in flesh and plumpness! You run no risk whatever in buying Samose. If you are not perfectly satisfied with the results, Meyer Bros. Co. will return your money. Sent postpaid on receipt of price, 50c. For sale by Meyer Bros. Co.

ASTOUNDED!

People coming to the store are astonished! They cannot comprehend that this is a bona-fide sale—an endeavor on the part of the National Furniture Co. to dispose of their stock **FOR CASH TO PAY THEIR CLAMORING CREDITORS WHO MUST AND WILL HAVE THEIR MONEY. NOTHING RESERVED! NOTHING CONCEALED!** Every single article in the entire $27,000 stock (or what is left of it) marked in plain black figures with the former selling price and the present price. These show cuts of from 50 to 75%. Come in and judge for yourself whether they are bona-fide or not. **THE CHICAGO FURNITURE SALES CO.**, selected as appraisers and adjusters, in whose hands this stock has been placed for disposal, have made special endeavors to make this week more interesting than ever.

CURED HAY FEVER AND SUMMER COLD.

A. S. Nusbaum, Baltesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicine which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Dreier Bros.

The Sort That Sell

OUR REFRIGERATORS have all the latest improvements known in refrigerator construction such as removable ice chambers, adjustable shelves, mineral wool packing instead of charcoal, which soon crumbles and settles at the bottom, leaving the wall entirely unprotected. We invite you to call and give these refrigerators a critical inspection after viewing all other lines, and we feel certain of showing you points in which they excel any competing goods.
